this unique Liqueur Gin was made by the same secret process, with the same famous natural water, and from the same finest home-grown Juniper berries, and purest malt. To-day Konig's model distillery at Steinhagen, in Westphalia, is the oldest and largest Gin Distillery in the world.

Konig's 250-Gold-Medal Liqueur Gin is famous and popular the world over, and supplied by special appointment to the House of Lords and House of Commons, His Majesty's Privy Council, and to all leading Royalties. Because of its unique character, it has been granted the Special Certificate for Purity and Merit by the Institute of Hygiene, and is highly recommended for Kidney and Bladder Affections. It cleanses the system from impurities in quite a natural way.

Konig's Liqueur Gin is so unlike all others that it is a real pleasure to drink it. It is just as delightful as a liqueur as it is diluted with water, minerals, milk or tea. With milk it tastes like cream, and is the most natural aperient. If taken after beer, wine, whisky, &c., Konig's Liqueur Gin avoids undesirable "after-effects," and it will also be found a friend in need—the morning after. It keeps you hale and hearty.

Therefore—drink and enjoy

KONIG'S

delicious Westphalian

LIQUEURGIN

The 250 Gold Medal Royal Appetiser & Digestive.

KONIG'S Liqueur Gin has been proved invaluable in cases of Cholera, Malaria, Typhus, &c.

Sold throughout the world in red-sealed stone bottles only.

Wholesale from **H. C. KONIG & CO., Beer Lane, London, E.C.** Agents everywhere.

HIGHEST AWARDS: AMSTERDAM, 1883; CHICAGO, 1893; PARIS, 1900; DUSSELDORF, 1902; ST. LOUIS, 1904; BRUSSELS, 1910; BOCHUM, 1912; LONDON, 1913, etc.

The "SPORTING LIFE" says: "Konig's Liqueur Gin is an ideal combination of Liqueur, tonic, and medicine, and is at once a stimulant, pick-me-up, and delicious drink."

TO BRITISH MANUFACTURERS, MERCHANTS, SHIPPERS, BROKERS, AND OTHERS INTERESTED IN EMPIRE TRADE.

You are cordially invited by the COUNCIL of the ROYAL COLONIAL INSTITUTE to co-operate in the promotion of Inter-Empire Trade.

The following Trade and Industrial Committee of the Institute has recently been formed:—

BEN. H. MORGAN, Esq., Chairman.
Major M. ARCHER-SHEE, D.S.O., M.P.
HENRY BIRCHENOUGH, Esq., C.M.G.
W. M. BOTSFORD, Esq.
G. McL. BROWN, Esq.
Colonel JOHN DENNY.
Lt.-Gen. Sir J. BEVAN EDWARDS, K.C.B., K.C.M.G.
(Chairman of Council of the Institute).
HUGO HIRST, Esq.
RICHARD JEBB, Esq.
Hon. J. G. JENKINS.
Sir GODFREY LAGDEN, K.C.M.G., (Deputy-Chairman
of Council of the Institute).

STANLEY MACHIN, Esq., (Ex.-Chairman, London
Chamber of Commerce).
EDWARD MANVILLE, Esq., (Chairman, Society of
Motor Manufacturers and Traders).
Lord MERTHYR, K.O.V.O.
R. K. MORCOM, Esq.
Sir DANIEL MORRIS, K.C.M.G.
ELLIS T. POWELL, Esq., LL.B., B.Sc.
The Hon. Sir C. H. RASON.
JOSEPH RIPPON, Esq.
F. C. SALTER, Esq.

JAMES R. BOOSE, Secretary.

The Committee will undertake:—

1. To facilitate, encourage and arrange industrial conferences or meetings to be attended by men of affairs from any or all parts of the Empire in order to discuss questions of common interest with a view to regulating and co-ordinating the conditions of Empire trade and industry.

2. To encourage and facilitate Empire trade and industry by, e.g., arranging for the reading of papers and delivery of addresses on financial, industrial and trade subjects by authorities before the Institute itself and before Chambers of Commerce, Trade bodies and like institutions in the leading industrial centres.

The dominant note of the Royal Colonial Institute's work is concisely described in its motto "United Empire." The Trade and Industry Committee exists to foster, stimulate and assist British Commercial and Industrial interests, with special regard to their imperial aspects as elements and factors of imperial union. It is, therefore, auxiliary to and not in conflict with other organisations working for the development of British trade interests.

The TERMS OF FULL MEMBERSHIP of the Institute are as follows:—

Resident Fellows (who have their homes in the United Kingdom):

Subscription	£2	per annum.
Entrance Fee	£3	
Life Subscription	£20	

Non-Resident Fellows (who have their permanent homes outside the United Kingdom):

Subscription	£1 1s.	per annum.
Entrance Fee	£1 1s.	
Life Subscription	£10	

In addition to co-operating in expanding Inter-Empire Trade, Members enjoy the following positive advantages:—

The use of the building in Northumberland Avenue, with its magnificent Library from which books (except works of reference) may be borrowed—Reading, Writing and Smoking Rooms and accommodation for the meeting of Commercial men.

The use of the Law Library.

Admission to all Lectures, Dinners, and other functions of the Institute, both in London and the Provinces.

A copy of the Monthly Journal of the Institute, entitled "United Empire."

Information on Colonial commercial matters, including Agencies, Customs tariffs and conditions, Harbour dues and regulations, Shipping and Railway transport charges, Cable rates, Patent and other commercial law, can be obtained on application to the Secretary of the Institute.

Further information and literature fully explaining the aims and objects of the Institute will gladly be sent on application to THE SECRETARY, Royal Colonial Institute, Northumberland Avenue, London, W.C.

THE CIVIL SERVICE SUPPLY ASSOCIATION, LIMITED. ESTABLISHED 1866.

The leading principle of this Association is to study the interests of the consumer by supplying

THE BEST GOODS AT THE LOWEST POSSIBLE PRICES.

The Association was the pioneer of "Stores Prices," and in quality, measure and price its goods cannot be surpassed. Although the "tied price" system compels the Association to sell certain proprietary articles at fixed prices, there are many articles of the Association's own brands which can only be obtained at its Stores, and which fully equal rival proprietary articles in quality, whilst the "C.S.S.A." brands are incomparably lower in price. During the season **FREE COMPLIMENTARY TICKETS** may be obtained by all Colonial or Foreign Visitors, on application to the Secretary at the Stores of the Association.

WESTERN AUSTRALIA

Sunny Western Australia, comprising nearly a million square miles of country, offers excellent opportunities to investors and to agriculturists. The progress in a great variety of industries during recent years has been remarkable, and the work of development has only just begun.

Liberal Government Help for Dairy Farmers.

At present the Government are concentrating on the settlement of the South-West, and are paying especial attention to the development of dairying and fruit growing.

The terms of occupation offered by the Government for land intended for cultivation are the most liberal in the British Empire, and vast areas still remain to be settled.

Great Progress in Wheat Growing.

In the wide areas east of the Darling Range wheat growing, combined with sheep farming and mixed farming generally, is now conducted with excellent results, the yield of wheat having risen from 956,886 bushels in the season ended February, 1902, to an estimate of 14,000,000 bushels for 1913-14. In the same division, but more to the west and south, there are vast forests of timber.

Fruit-Growing Area increases 2,000 Acres Every Year.

There is also a growing fruit industry in the Darling Ranges and in other parts of the South-West, to the ultimate extension of which it would be difficult to set limits. It is anticipated that over 100,000 cases of apples and grapes will be shipped to London and Hamburg this season. Over 20,000 acres have been planted with fruit trees and vines, and the area under fruit is increasing at the rate of about 2,000 acres a year.

Other industries showing remarkable progress are Wool-growing and Sheep-raising, the cultivation of Root and Fodder Crops, Mining and the Pearl Fisheries.

Opportunities for Investors.

The rapid growth of Western Australia's primary and secondary industries and the Government's progressive settlement policy are highly favourable indications from the point of view of the investor. This go-ahead State presents opportunities for the remunerative employment of capital and labour not surpassed by any land in the world.

The Agent-General, Sir NEWTON J. MOORE, K.C.M.G., 15 Victoria Street, Westminster, S.W., will gladly send full information about the Mineral, Pastoral, Agricultural, Horticultural, and Timber resources of Western Australia to all who are interested.

STEPPING STONES

Halifax.—Capital of Nova Scotia, the apple province and land of Evangeline.

St. John, New Brunswick.—The "new city" that rose from the ashes of the great fire of 1877. Here is the wonderful reversible cataract due to the tremendous tides, and here also is one of the busiest ports on the Atlantic.

Quebec.—Queen city of North America, throned on a lofty crag commanding the St. Lawrence. Owing to its picturesque situation, its old-world streets, and its historic memories, Quebec has many visitors. Here is the Château Frontenac, the most picturesque hotel in Canada.

Montreal.—Commercial capital of Canada and headquarters of the Canadian Pacific—on the site of the ancient Indian village of Hochelaga. Now half-French, half-English in population, with magnificent wharves and imposing public buildings, banks, churches, &c. Stay at the Place Viger Hotel.

Ottawa.—Political capital of Canada, and picturesquely situated at the junction of the Ottawa and Rideau Rivers. The centre of a great lumber industry.

Toronto.—Capital of Ontario, centre of busy industries and fragrant orchards. Situated on Lake Ontario, Toronto is a convenient starting-

place for Niagara, Muskoka, or the Canadian Pacific Steamship services on the Great Lakes.

Niagara.—With its famous falls, the wonder of the world.

Muskoka.—A picturesque cluster of lakes clothed with innumerable islands. This is one of the chief summer resorts in America.

Sault Ste. Marie.—On the "Soo," with its famous locks and rapids, the junction for the Soo Line and centre of a real sporting district. The "Soo" is also reached by rail *via* Sudbury, along a branch of the Canadian Pacific, which passes through one of the best fishing and hunting districts in Canada.

Missanabie, Jackfish and Nipigon.—North of Lake Superior, and on the main line to Fort William, are also starting-points for fishing expeditions.

Fort William and Port Arthur.—The twin cities at the head of Lake Superior are the outlet for the gigantic harvests of the great Canadian West.

Winnipeg.—Is the capital of Manitoba, and commands the trade of the fertile prairies—a city of imposing appearance and great wealth, with the finest hotel in the world—the Royal Alexandra.

Or Local Agents everywhere.

ACROSS CANADA.

Portage la Prairie, Brandon, Indian Head, Regina, Moosejaw, Swift Current, and Medicine Hat.—Are typical prairie towns, bustling, ambitious, and already well on the road to abundant prosperity. Wheat is king from Winnipeg to Calgary.

Calgary.—The most prosperous town in Southern Alberta; is called the city of the foot-hills, owing to its proximity to the Rockies. Here is the great 3,000,000-acre irrigation scheme of the Canadian Pacific. Land on this irrigation block is sold to settlers on the instalment system. Calgary is directly connected by rail with **Edmonton**, the capital of the North-West, which is also directly connected with Winnipeg *via* **Saskatoon** and **Wetaskiwin**. A branch line connects with **Lethbridge** and **Macleod**.

Banff.—The tourist capital of the Canadian Rockies, with its splendid Banff Hot Springs Hotel. Here is the Canadian National Park, with its herds of buffaloes.

Lake Louise.—Is the station for Lake Louise, considered by many to be the loveliest spot in Canada. The Château Hotel is the most convenient point from which to visit the Lakes in the Clouds.

Field.—In the Kicking Horse Pass, has another favourite hotel, and is the best point from which to reach Emerald Lake and the mag-

nificent Yoho Valley and the Takkakaw Falls 1,200 feet in height.

Golden.—For the Columbia Valley and Lake Windermere, the new tourist playground.

Glacier.—Is reached after passing through the tremendous scenery of the Rogers Pass, and is in the Selkirk Mountains. It lies under Mount Sir Donald, and is in full view of the snowy Hermit Ranges.

Revelstoke.—Is the junction for the Arrowhead Lakes, down which one may take steamer for the mining and fruit-growing districts of Southern British Columbia and the Kootenays. These can also be reached by the Crow's Nest Pass.

Sicamous.—Is the junction for the fertile Okanagan Valley, the centre of a fruit-growing district.

Kamloops.—Is also rich in orchards.

Vancouver.—Is the Pacific terminus of the Railway, and is rapidly becoming the chief port on the Pacific coast. Here, again, is a fine hotel belonging to the railway company. Steamers connect with Vancouver Island and especially

Victoria.—The political capital of British Columbia, and one of the most delightful tourist-centres in America. The Empress Hotel here spells the last word in luxury. Through Vancouver Island runs the Esquimalt and Nanaimo Railway from Victoria to Alberni.

ONTARIO

(CANADA),

THE LAND FOR INVESTORS.

Ontario offers unrivalled opportunities to the investor. With a population of over two and a half millions, vast unsettled areas, immense natural resources in minerals, forests, and water powers, a network of railways, and a superb water route through the Great Lakes, Ontario fully justifies the title of

CANADA'S PREMIER PROVINCE.

ONTARIO'S WATER POWERS

are capable of generating

**10,000,000

Land of Sunshine and Success.

AUSTRALIA claims attention not only as a land to prosper in, but also as a land to live in. For pleasure and profit combined it is unsurpassed.

Australia is the country that offers advantages to the farmer and the manufacturer, returns to the employer and the worker, charms to the sportsman and the tourist.

Agriculturists are specially invited and assisted to Australia. Hundreds of thousands of acres of good land are being made available every year. It is easily obtainable, and there is an assured market for the produce.

The development of public activities in Australia which her public debt represents, has much to do with the magnificent progress which Australia shows to-day.

Go to Australia if you desire a warm welcome, a generous return for your energy and enterprise, a dwelling place that is the healthiest in the world.

PREFACE.

IN presenting to the Fellows and Associates of the Institute the third issue of the Year Book, it is hoped that it may assist in spreading abroad a better knowledge of the aims and objects of the Institute and the work which is being done in promoting the closer and permanent unity of the Empire. The current issue has been extended in various ways, as, in addition to the information embodied in the edition for 1913, it contains the latest statistical information regarding all parts of the Empire, as well as a classified list of the newspapers and magazines which are to be seen in the Institute Building. The list of Fellows has grown considerably during the past year, and the geographical lists both of Resident and Non-Resident Fellows cannot fail to prove of service to the Fellows generally. Full particulars are also given regarding the competition for the Gold Medal of the Institute, and also of the Prizes for Essays which are offered by the Council to Universities and Secondary Schools.

Fellows are particularly requested to notify all changes in their addresses, so that the monthly Journal and other communications may be forwarded without delay.

FAÇADE
ROYAL COLONIAL INSTITUTE, NORTHUMBERLAND AVENUE

II.—INTRODUCTION.

MORE than a generation has now passed since, in 1868, the Colonial Society was started. The Dominion of Canada had just come into being ; and, though not many openly agreed with John Bright that the continuance of the British connection was burdensome to Great Britain and humiliating to Canada, still there was a widely spread undercurrent of feeling that Canadian Confederation was a half-way house to peaceful separation. It was this kind of temper, more dangerous than open hostility, that the Colonial Institute sought to counteract. Most wisely its founders recognised that the best way of going to work was not to set on foot an actively militant political organisation. What was wanted was knowledge : knowledge in England of the boundless resources and true temper of the Overseas Dominions ; knowledge in the Colonies of their English kinsfolk, when once one has penetrated the outer crust. The Royal Colonial Institute (as it was named in 1870) became at once a club-house where persons from all parts of the Empire might exchange experiences, and an information bureau, whence the latest and most authoritative facts with regard to the Empire might be brought to the light of day. Starting with the modest number of one hundred and seventy-four members, the Institution so fully justified its existence that by 1880 it had over eleven hundred members. The great danger of such an organisation was that it should be run by men who disapproved of the action of their Colonial Governments, and were out of touch with Colonial public opinion ; the Royal Colonial Institute has been careful to draw new blood into its veins, and has never in any way identified itself with any one school of thought regarding Colonial questions. The Papers read in its winter sessions have been a perfect quarry of first-hand knowledge, freely placed at the disposal of the inquirer, whether his purpose be historic, statistical or practical.

But it may be asked, now that the Royal Colonial Institute has achieved such success in promoting fuller knowledge, and, on both sides, a very different temper—especially now that its example has been followed by so many Leagues and Societies, has not the time come when, so far as its original purpose was concerned, it might pronounce its *nunc dimittis* and leave to younger bodies the burden of the fray ? But it must be remembered that, especially in new countries, the condition of things is always rapidly changing, so that the truth of last year is the falsehood of to-day and any record of facts and opinions requires constant modification and revision. But what institution could so efficiently carry on this work as the Institute, which in the past has done it so successfully ? Moreover, while the general tone of thought regarding Imperial questions is, on both sides, most satisfactory, and there is everywhere the desire to promote friendly social intercourse, there are still problems connected with the Empire, in the solution of which the Royal Colonial Institute can give a helping hand. It is a melancholy fact that, in spite of mutual goodwill and Colonial preferences, British trade within the Empire does not grow by leaps and bounds. The Royal Colonial Institute has set on foot an Empire Trade and Industry Committee. Its objects are to encourage such trade and industry by arranging for the delivery of addresses on financial, industrial and trade subjects, by authorities before the Institute itself and before Chambers of Commerce, trade bodies, and like institutions in the

leading industrial centres. There is the further object of facilitating, encouraging, and arranging industrial conferences or meetings to be attended by men of affairs from any or all parts of the Empire, in order to discuss questions of common interest with a view to regulating and co-ordinating the conditions of Empire trade and industry.

It is manifest what a sphere of usefulness is here opened out, and how well adapted the Royal Colonial Institute is, by its situation and membership, to take the lead in such a movement, and already by means of this committee the British Consular service has been made available to the Overseas Dominions. In the past year the representatives of this committee have been able, in various directions, to assist the labours of the Royal Commission which is dealing with the subject of the natural resources and trade of the Empire.

The committee has further directed its energies towards uniformity in Empire statistics; towards the establishment of an all-British state-owned Atlantic cable, and towards the further development of British trade with India and the Crown Colonies.

Again, there is the difficult subject of emigration. To a great extent indeed this question has been settling itself. Thus it is very striking how in recent years, without State action, the current of general British emigration has been diverted from the United States to the Overseas Dominions. At the same time there are many ways in which State action might be desirable. The Royal Colonial Institute has now a standing Emigration Committee representing both its own members and the leading emigration societies. This committee has recommended that an official committee shall be constituted consisting of representatives of the private emigration societies and of experts, including a chairman, nominated by the Government. This committee shall—

- (a) Advise on all general questions of policy affecting emigration.
- (b) Co-ordinate the emigration societies of the United Kingdom.
- (c) Take over the functions of the Emigrants' Information Office.
- (d) Deal with Labour Exchanges, Boards of Guardians, &c., on all matters connected with emigration.
- (e) Deal with the High Commissioners, &c., in regard to questions of emigration.

Again, on the question of the emigration of women and of children the committee has made recommendations of far-reaching importance. It has tendered evidence before the Dominions' Royal Commission, and has given special attention during the year to the question of obtaining closer co-operation between the Home and Dominion Governments and of securing the interest of Boards of Guardians in the emigration of children under their control. This is not the place to discuss the details of their proposals; all that we are concerned with here is the vigour and vitality of the parent institution of which they are the testimony and proof.

Yet another new departure must be mentioned. Recognising that in these days of democracy the task of consolidating the Empire can no longer safely be left in the hands of the upper and middle classes, the Royal Colonial Institute is now seeking, by means of popular illustrated lectures, to bring home to the knowledge and the conscience of the people the resources of the Empire and the opportunities and responsibilities attending on its right use and development. This work has during the last year greatly developed; and it promises, if properly supported by the leading men in the great centres of population, to yield most valuable results.

To further stimulate interest in the Empire and in Imperial problems, the Council has offered a gold medal for some work of research; and instituted an Essay Competition for the rising generation at the schools and universities of the Empire. But while

ENTRANCE HALL

the Royal Colonial Institute has been busily at work extending its activities in a practical direction, it has not forgotten its other function of being a store-house of knowledge. Some of us can speak with personal knowledge and gratitude of the benefit its admirable library has been in pursuit of our studies. Nearly 100,000 volumes and pamphlets, not one of which does not relate to the objects of the Institute, are a boon, the value of which it is impossible to exaggerate; especially when they can be consulted under the guidance of a courteous and helpful librarian. A special room has been set apart as a law library, which contains a most valuable collection of statutes, law reports, treaties, &c. In the law library provision is also made for the storage and display of maps relating to all parts of the Empire. To give an idea of the Institute's resources it may be added that during the year 1913, 82,360 numbers of newspapers and magazines were received and filed. Considering the benefits of membership it is not astonishing to learn that the Royal Colonial Institute has now between nine and ten thousand Fellows and Associates, and that its growing importance, the widening of its scope and the increase of its membership have necessitated a great extension of its premises. The house in Northumberland Avenue has been almost entirely rebuilt on a larger area, and "as a result," we are told, "instead of the seven inconveniently small and inappropriate rooms formerly available, there are now twenty-five well equipped rooms."

These things do not indeed go to the heart of the matter. It is possible for great things to proceed from mean and stuffy surroundings, and a sumptuous club-house does not always produce an active spirit; but when, as has been made manifest, the spirit is in the right place, it is surely well that the accessories of comfort and convenience shall be added.

There is one other subject, without mention of which any account of the Royal Colonial Institute would be deficient. Useful as had been the annual volume with its permanent record of the progress made during the year, it was generally recognised that so influential a corporation should possess its own monthly organ, reflecting the various sides of its work. An editor was forthcoming who had both a practical knowledge of the Empire and was a trained *littérateur*. UNITED EMPIRE is still in its youth; but already it has attained a wide circulation, and few will question the modest claim put forward by the Council that it "has from month to month enabled those interested in the various Overseas Dominions to keep in touch with the more important aspects of Imperial development." Such, then, being the various grounds on which the Royal Colonial Institute has more than made good the aims of its founders, there is no one who cares for the Empire and the Empire's well-being who will not gratefully repeat "*Esto perpetua.*"

H. E. EGERTON.

III.—HISTORICAL SKETCH.

THE ROYAL COLONIAL INSTITUTE is first and foremost a non-sectarian and non-political organisation which exists for the purpose of stimulating the loyalty of all Britons towards the Empire, and for promoting its closer and permanent unity.

It was founded on June 26, 1868, when a meeting was held at Willis's Rooms, under the presidency of Viscount Bury, to promote the formation of a society which should assume, in relation to the Colonies, a position similar to that filled by the Royal Society as regards science, and the Royal Geographical Society as regards geography. The meeting, which comprised influential representatives of Colonial interests, and members

of the Imperial Legislature who had taken a prominent part in the discussion of Colonial questions, unanimously agreed that it was desirable to establish an institution, above all mere party considerations, where persons from all parts of the British Empire might exchange experiences, and where trustworthy information might be imparted to all inquirers. A provisional committee was appointed, which drew up rules—substantially the same as those now in operation—and reported to a general meeting on August 12, 1868, when the “Colonial Society” became constituted by the adoption of such rules for its government and the election of the first President and Council.

A deputation of the Council waited upon His Grace the Duke of Buckingham and Chandos, Secretary of State for the Colonies, and the Right Hon. Sir Stafford Northcote, Secretary of State for India, with the object of obtaining their official sanction and support, which were most readily conceded. Those Ministers undertook that the Governors of the several Colonies should be addressed in favour of the Institute, which undertaking was carried into effect by their successors in office, the Right Hon. Earl Granville and His Grace the Duke of Argyll. As a result of this action, a large number of valuable works illustrative of the resources and progress of the Oversea Dominions, Colonies, and India have been added to the library. Numerous contributions have also been received from the Colonial Office and the India Office, and for some years past full particulars of the constitution and objects of the Institute have been published in the Colonial Office List, “on account of the importance of the subject to Colonists generally.” The Institute is now officially included in the list of Institutions named in the Colonial Regulations, so that the whole of the Statutes of various parts of the Empire are regularly received.

On March 10, 1869, the inaugural dinner was attended by the Prime Minister (the Right Hon. W. E. Gladstone, M.P.), the Secretary of State for the Colonies (the Right Hon. Earl Granville), and many other distinguished guests, and was regarded as a most successful demonstration in favour of the Colonies and the Unity of the Empire.

The speeches at this banquet are of singular interest to-day. Mr. Gladstone’s reminiscences of the “Colonial Department,” in which he had served thirty-four years previously; Sir George Cartier’s attempt to explain Canadian Nationalism without wounding the susceptibilities of prejudiced Britons and his challenge to the United States as to the freedom of Canada under representative rather than democratic institutions; the reminder of Mr. Hugh C. E. Childers that sea-power and the Colonies are intimately connected, and that the sea is the connecting link and not a barrier between the sons of a sea-going race—all these long-forgotten speeches will repay the attention of the historical student who cares to trace the great dynamic forces of the century to their origin.

In June 1869 the prefix of the word “Royal” was graciously sanctioned by Her Majesty Queen Victoria. Inconvenience arising from the similarity of the initial letters to those of the Royal College of Surgeons, the name of the Society was, by the vote of a general meeting on March 7, 1870, changed to the Royal Colonial Institute.

In July, 1871, His Grace the Duke of Manchester was elected President, in succession to Viscount Bury, who retired, and in June 1878 His Royal Highness the Prince of Wales was pleased to accept that office, afterwards becoming Patron as King Edward the Seventh, the Duke of Manchester maintaining his connection with the Institute as one of its Vice-Presidents and Chairman of the Council up to the time of his death in 1890, when the office of Chairman of the Council was abolished. On his accession to the throne in 1910, His Majesty the King became Patron, and he was succeeded in the office of President by Field-Marshal H.R.H. the Duke of Connaught. During the

GENERAL ROOM

year 1909, in view of the great extension of the work of the Institute, it was decided to revive the office of Chairman of the Council, Lieut.-General Sir J. Bevan Edwards, K.C.B., K.C.M.G., being unanimously elected to that office, and Sir Godfrey Lagden, K.C.M.G., to the office of Deputy Chairman.

In the year 1912 the Right Hon. Earl Grey accepted the office of President in succession to H.R.H. the Duke of Connaught, who was graciously pleased to become Vice-Patron.

In September 1882 Her Majesty Queen Victoria granted to the Institute a Royal Charter of Incorporation, with perpetual succession and a common seal, in recognition of the fact that since its establishment it had "sedulously pursued the objects for which it was founded," and with a desire of "encouraging a design so laudable and salutary."

For the past forty-six years the Institute has taken a leading part in the national work of fostering and popularising the great principle of Imperial Solidarity throughout the length and breadth of the British Empire.

IV.—ROYAL CHARTER.

GRANT

UNTO THE

ROYAL COLONIAL INSTITUTE

OF

HER MAJESTY'S ROYAL CHARTER OF INCORPORATION,

DATED 26TH SEPTEMBER, 1882.

Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, Empress of India, **To all to whom these Presents shall come Greeting.**

Whereas HIS ROYAL HIGHNESS ALBERT EDWARD, PRINCE OF WALES, K.G., and HIS GRACE THE DUKE OF MANCHESTER, K.P., have by their Petition humbly represented to Us that they are respectively the President and Chairman of the Council of a Society established in the year one thousand eight hundred and sixty-eight, and called by Our Royal Authority the Royal Colonial Institute, the objects of which Society are in various ways, and in particular by means of a place of Meeting, Library and Museum, and by reading papers, holding discussions, and undertaking scientific and other inquiries, as in the said Petition mentioned, to promote the increase and diffusion of knowledge respecting as well Our Colonies, Dependencies and Possessions, as Our Indian Empire, and the preservation of a permanent union between the Mother Country and the various parts of the British Empire, and that it would enable the said objects to be more effectually attained, and would be for the public advantage if We granted to His Royal Highness ALBERT EDWARD, PRINCE OF WALES, K.G., WILLIAM DROGO MONTAGU, DUKE OF MANCHESTER, K.P., and the other Fellows of the said Society, Our Royal Charter of Incorporation:

And whereas it has been represented to Us that the said Society has, since its establishment, sedulously pursued the objects for which it was founded by collecting and diffusing information; by publishing a Journal of Transactions; by collecting a

Library of Works relating to the British Colonies, Dependencies and Possessions, and to India ; by forming a Museum of Colonial and Indian productions and manufactures, and by undertaking from time to time scientific, literary, statistical, and other inquiries relating to Colonial and Indian Matters, and publishing the results thereof :

Now know ye that We, being desirous of encouraging a design so laudable and salutary, of Our especial grace, certain knowledge and mere motion, have willed, granted and declared, and **do** by these presents for Us, Our heirs and successors, will, grant and declare in manner following, that is to say :—

1. **HIS ROYAL HIGHNESS ALBERT EDWARD, PRINCE OF WALES, and HIS GRACE THE DUKE OF MANCHESTER**, and such other of Our Loving Subjects as now are Fellows of the said Society, or shall from time to time be duly admitted Fellows thereof, and their successors, are hereby constituted, and shall for ever hereafter be by virtue of these presents one body politic and corporate by the name of the Royal Colonial Institute, and for the purposes aforesaid, and by the name aforesaid, shall have perpetual succession and a Common Seal, with full power and authority to alter, vary, break, and renew the same at their discretion, and by the same name to sue and be sued in every Court of Us, Our heirs and successors, and be for ever able and capable in the law to purchase, receive, possess, hold and enjoy to them and their successors, any goods and chattels whatsoever, and to act in all the concerns of the said body politic and corporate as effectually for all purposes as any other of Our liege subjects, or any other body politic or corporate in the United Kingdom, not being under any disability, might do in their respective concerns.

2. **The Royal Colonial Institute** (in this Charter hereinafter called the Institute) may, notwithstanding the statutes of mortmain, take, purchase, hold and enjoy to them and their successors a Hall, or House, and any such messuages or hereditaments of any tenure as may be necessary for carrying out the purposes of the Institute, but so that the yearly value thereof to be computed at the rack rent which might be gotten for the same at the time of the purchase or other acquisition, and including the site of the said Hall, or House, do not exceed in the whole the sum of **TEN THOUSAND POUNDS**. **And we do** hereby grant Our especial Licence and authority unto all and every person and persons, bodies politic and corporate (otherwise competent), to grant, sell, alien and convey in mortmain unto and to the use of the Institute and their successors any messuages or hereditaments not exceeding the annual value aforesaid.

3. **There** shall be a Council of the Institute, and the said Council and General Meetings of the Fellows to be held in accordance with this Our Charter shall, subject to the provisions of this Our Charter, have the entire management and direction of the concerns of the Institute.

4. **There** shall be a President, Vice-Presidents, a Treasurer, and a Secretary of the Institute. The Council shall consist of the President, Vice-Presidents, and not less than twenty Councillors ; and the Secretary, if honorary.

5. **HIS ROYAL HIGHNESS ALBERT EDWARD, PRINCE OF WALES**, shall be the first President of the Institute, and the other persons now being Vice-Presidents and Members of the Council of the Institute shall be the first Members of the Council, and shall continue such until an election of officers is made under these presents.

6. **A** General Meeting of the Fellows of the Institute shall be held once in every

year, or oftener, and may be adjourned from time to time, if necessary, for the following purposes, or any of them :—

(a) The election of the President, Vice-Presidents, Treasurer, and other Members of the Council.

(b) The making, repeal, or amendment of rules and bye-laws for the Government of the Institute, for the regulation of its proceedings, for the admission or expulsion of Fellows, for the fixing of the number and functions of the Officers of the Institute, and for the management of its property and business generally.

(c) The passing of any other necessary or proper resolution or regulation concerning the affairs of the Institute.

7. **The** General Meetings and adjourned General Meetings of the Institute shall take place (subject to the rules of the Institute and to any power of convening or demanding a Special General Meeting thereby given) at such times as may be fixed by the Council.

8. **The** existing rules of the Institute, so far as not inconsistent with these presents, shall continue in force until and except so far as they are altered by any General Meeting.

9. **The** Council shall have the sole management of the income, funds, and property of the Institute, and may manage and superintend all other affairs of the Institute, and appoint and dismiss at their pleasure all salaried and other officers, attendants and servants as they may think fit, and may, subject to these presents and the rules of the Institute, do all such things as shall appear to them necessary and expedient for giving effect to the objects of the Institute.

10. **The** Council shall once in every year present to a General Meeting a report of the proceedings of the Institute, together with a statement of the receipts and expenditure, and of the financial position of the Institute, and every Fellow of the Institute may, at reasonable times to be fixed by the Council, examine the accounts of the Institute.

11. **The** Council may, with the approval of a General Meeting, from time to time appoint fit persons to be Trustees of any part of the real or personal property of the Institute, and may make or direct any transfer of such property necessary for the purposes of the trust, or may at their discretion take in the corporate name of the Institute Conveyances or Transfers of any property capable of being held in that name. Provided that no sale, mortgage, incumbrance or other disposition of any hereditaments belonging to the Institute shall be made unless with the approval of a General Meeting.

12. **No Rule, Bye-Law, Resolution,** or other proceeding shall be made or had by the Institute, or any Meeting thereof, or by the Council, contrary to the General Scope or true intent and meaning of this Our Charter, or the laws or statutes of Our Realm, and anything done contrary to this present clause shall be void.

In Witness whereof We have caused these Our Letters to be made Patent.

Witness Ourselves at Our Palace at Westminster, the Twenty-sixth of September in the Forty-sixth year of Our reign.

By Her Majesty's Command.

CARDEW.

RULES.

Corrected up to the Annual Meeting of Fellows,
March 17, 1914.

OBJECTS AND CONSTITUTION.

1. THE ROYAL COLONIAL INSTITUTE is established to provide a place of meeting for all gentlemen connected with the Colonies and British India, and others taking an interest in Colonial and Indian affairs; to establish a Reading-room and a Library, in which recent and authentic intelligence upon Colonial and Indian subjects may be constantly available, and a Museum for the collection and exhibition of Colonial and Indian productions; to facilitate interchange of experiences amongst persons representing all the Dependencies of Great Britain; to afford opportunities for the reading of Papers, and for holding discussions upon Colonial and Indian subjects generally; and to undertake scientific, literary, and statistical investigations in connection with the British Empire. But no Paper shall be read, not any discussion be permitted to take place, tending to give to the Institute a party character.

2. The Institute consists of Resident, Non-Resident, and Honorary Fellows and (subject as hereinafter mentioned) Associates. A Resident Fellow is a Fellow who has his permanent home in the United Kingdom. A Non-Resident Fellow is a Fellow who has his permanent home outside the United Kingdom.

3. The Institute shall not make or distribute any gift, dividend, division, or bonus, in money, unto or between any of its Fellows.

4. The government of the Institute, and the management of all its concerns, are entrusted to the Council, subject to the Rules of the Institute.

5. Every Resident Fellow shall be eligible to fill any of the offices of the Council. Non-Resident Fellows shall, subject to the provisions of the Rules, be eligible to fill the office of Vice-President.

6. The Council shall be chosen from the Fellows, and shall consist of a President, Vice-Presidents, of whom not more than one-third may be selected from Non-Resident Fellows, twenty-four Councillors, a Treasurer, and a Secretary (when honorary). The Council shall have power to fill up any vacancies occurring in the above offices during the interval between the Annual Meetings; such *ad interim* appointments to be subject to confirmation at the next succeeding Annual Meeting.

7. A portion of the Council shall retire periodically, viz. the President every second year, and one-fourth, or the nearest number thereto and not exceeding the same, of the Vice-Presidents, and one-eighth, or the nearest number thereto and not exceeding the same, of the Councillors every year in rotation; the names of those so retiring to be previously announced by the Council, as hereinafter provided. The President and Vice-Presidents so retiring shall be eligible for re-election, but the retiring Councillors shall not be eligible for re-election till one year shall have elapsed.

8. The Vice-Presidents and the Councillors to retire in any year shall be those who have been longest in office. As between two and more who have been in office an equal length of time, the Vice-President or Councillor, as the case may be, to retire, shall be determined by lot. The length of time a Vice-President or Councillor has been in office shall be computed from his last election. In the case of Non-Resident Vice-Presidents, the Council may, if they think it advantageous or desirable, exempt any

such Non-Resident Vice-Presidents from such retirement by rotation, but this shall not affect the total number of retirements during any one year.

9. If any Councillor shall fail to attend the Meetings of the Council for six consecutive calendar months, except by leave of the Council, the office of such Councillor shall thereupon become vacant.

ADMISSION, &C., OF FELLOWS.

10. Every gentleman, being a British subject, desirous of admission into the Institute as a Fellow, must be proposed and recommended according to the Form No. 1 in the Appendix hereto ; and such recommendation must be subscribed by two Fellows at least, one of whom must certify his personal knowledge and approval of such candidate.

11. The certificate thus filled up shall be delivered to the Secretary, and shall be exhibited in a conspicuous place in the Rooms of the Institute for at least one week previous to election, in order that any Fellow objecting to the Candidate may communicate with the Council thereon.

12. The election of Fellows is entrusted to the Council, and the names of those so elected shall be regularly announced from the chair at each Ordinary Meeting.

13. Notice of Election shall be sent within three days to every newly elected Fellow, together with a copy of the Rules of the Institute and a List of the Fellows and Associates. But no election of a Fellow shall be complete, neither shall the name of any person so elected be printed in any list of the Institute, nor shall he be entitled to exercise any of the privileges of a Fellow until he shall have paid his first year's subscription, and his admission fee, or shall have compounded for the same as hereinafter provided for ; and unless these payments be made within three calendar months from the date of election, such election shall be void ; this time may, however, be extended at the discretion of the Council.

14. Gentlemen resident in the Colonies or India, or elsewhere out of the United Kingdom, being British subjects, may be elected as Non-Resident Fellows in the same manner as Resident Fellows. Should any such Non-Resident Fellow come to the United Kingdom permanently to reside, he shall be required to pay an admission fee of Three Pounds (less the sum, if any, paid by him as an admission fee on election as a Non-Resident Fellow), and become a Resident Fellow of the Institute ; but the last mentioned additional fee shall not be payable by any such Non-Resident Fellow of fifteen years standing or upwards.

15. The Council shall have the power of appointing as Honorary Fellows, Foreigners or Colonists of distinction, or other persons, whose association with the Institute may be considered advantageous ; but such Honorary Fellows shall not be entitled to vote nor fill any office in the Institute.

16. Any Fellow may withdraw from the Institute by signifying his wish to do so by letter, addressed to the Secretary at the rooms of the Institute ; provided always that such Fellow shall continue to be liable for his annual subscription for the year in which he signifies his wish to withdraw. He shall further continue liable for such annual subscription until he shall have discharged all sums, if any, due by him to the Institute, and shall have returned all books or other property borrowed by him of the Institute ; or shall have made full compensation for the same, if lost or not forthcoming.

17. The name of the Institute shall not be used as an address on any circular letter,

report, correspondence, or document of a business character intended for publication, or any prospectus of a public company.

18. Whensoever there shall appear to the Council to be cause for the removal of the name of any Fellow of the Institute from the List of Fellows, or on receipt of a requisition to that effect with the reasons stated and signed by not less than twenty Fellows of the Institute, the subject shall be taken into consideration by the Council ; and if the Members of the Council present in each case and being not less than twelve in number shall by a majority of not less than three-fourths determine to remove such Fellow, his name shall be cancelled in the Register of Fellows, provided that no such resolution shall be acted upon in the case of a Life Fellow unless the resolution of the Council to remove such Fellow shall be confirmed by an ordinary majority at a subsequent Meeting of the Council at which not less than twelve Councillors are present.

FEES AND SUBSCRIPTIONS.

19. Every Resident Fellow shall, on his election, be required to pay Three Pounds as his admission fee, and Two Pounds as his annual subscription for the year ending on the 31st December then next ensuing ; or he may compound for his annual subscription, either at his entrance by the payment of Twenty Pounds, or after the payment of five or more annual subscriptions by the payment of Fifteen Pounds.

20. Every Non-Resident Fellow shall, on his election, be required to pay one Guinea as his admission fee, and One Guinea as his annual subscription for the year ending the 31st December then next ensuing ; or he may compound for such subscription by the payment of Ten Pounds ; or after the payment of twenty or more annual subscriptions by the payment of Five Pounds. Any Non-Resident Fellow who shall have become a Resident Fellow and wishes to compound, may do so by the payment of Twenty Pounds, or, if he shall have compounded as a Non-Resident Fellow, by the payment of the same sum as would have been required from a Resident Fellow, deducting the amount already paid on his compounding as a Non-Resident Fellow.

21. Any Resident Fellow absent from the United Kingdom for the whole of any calendar year shall be liable to pay the Non-Resident Fellow's subscription of One Guinea only, if he shall have given notice in writing to the Secretary of his intended absence.

22. Any Non-Resident Fellow arriving in the United Kingdom, and remaining in the United Kingdom for a period of twelve months, shall pay the Resident Fellow's subscription of Two Pounds per annum (less the amount already paid as a Non-Resident Fellow for that year), and shall continue to pay the same during his temporary stay in the United Kingdom.

23. The Council shall have the power of electing as a Resident Fellow or as a Non-Resident Fellow any person who, being a British subject, has been previously appointed as an Honorary Fellow and that without his becoming liable to any entrance fee, but he shall upon his election become liable to the appropriate annual subscription and to observe the Rules of the Institute.

24. All subscriptions shall be due and payable on the 1st of January in each year.

25. No Fellow shall be entitled to vote, and no Fellow shall be entitled to enjoy any other privilege of the Institute so long as he shall continue in arrear. Honorary Fellows are not required to make any payments. The amount of annual subscription to be paid by Fellows absent from England, or joining late in the year, or for a limited time, may be varied by the Council.

26. A List of the Fellows who shall be in arrear at the time of the Annual Balance of the Accounts of the Institute shall be laid by the Treasurer before the Auditors to be certified by them.

27. Once in every year the name of every Resident Fellow in arrear for three months, or, in the case of a Non-Resident Fellow, for twelve months, together with a statement of the arrear, shall be reported to the Council by the Finance Committee, and immediate notice of the same, with an account of such arrear, shall be forwarded to each such Fellow, whose name shall have been so reported, at his last known address. If the arrear be not paid within one calendar month, or, in the case of a Non-Resident Fellow, within twelve calendar months from the date of such notice, or within such further time as the Council may grant upon special cause to them shown, the name of the Fellow so reported, together with a statement of the arrear, shall be suspended in the Rooms of the Institute. If the arrear shall not be discharged within three months after such suspension, the Council may remove the name of such Fellow from the List of Fellows.

COUNCIL.

28. The President, two Vice-Presidents, or any four Councillors, may at any time call a Special Meeting of the Council, and when such Meeting is to be held every Member of the Council residing in the United Kingdom shall be summoned by notice specifying the object thereof.

29. In all Meetings of the Council five shall be a quorum ; and all questions shall be decided by open vote, unless a ballot be demanded by any three Fellows present.

30. Minutes of the proceedings of every Meeting of the Council shall be taken during their progress, in a rough book, by the Secretary, or, in case of his absence, by a Fellow present, whom the President or Chairman shall appoint for the occasion ; they shall be afterwards copied into a fair Minute-book to be kept for that purpose, read at the next Meeting of the Council, and, when confirmed, signed by the President or Chairman.

31. The Accounts of the Institute shall be from time to time examined by the Council, who shall present and cause to be read to the Annual Meeting a complete statement thereof, together with a report on the general affairs of the Institute during the preceding year.

32. The Council shall, from time to time, publish the proceedings and transactions of the Institute, and accompany them with maps, papers, and other matter, as occasion may require.

33. Each Fellow shall be entitled to a copy of the publications of the Institute ; but the mode of distribution shall be decided by the Council.

34. The Council shall, so soon as convenient, establish a Library, Reading-room, and Museum, to which all Fellows, and strangers provided with an order from a Fellow, shall be admitted, under such restrictions as may appear to the Council necessary.

35. The Council may appoint persons, not being Members of the Council, to be salaried Officers, Clerks, or Servants, for carrying on the necessary concerns of the Institute, and may define the duties to be performed by them respectively ; and may allow to them respectively such salaries, gratuities, and privileges as to the Council may seem proper ; and may suspend or discharge any Officer, Clerk, or Servant from office, whenever there shall seem to them occasion for so doing.

36. The Council may appoint in any Colony or Dependency of the British Empire, or elsewhere when it may seem expedient, one or more Fellows as Corresponding Secretary or Secretaries.

COMMITTEES.

37. There shall be four permanent working Committees of Council, namely 1, General Purposes ; 2, House and Library ; 3, Emigration ; 4, Trade and Industry.

38. Twice at least in each year a Committee of the Council shall examine, in detail, the state of the Household, the Secretary's department, and the degree of care displayed in keeping the Official Books, the Library, the Museum, &c.

39. The Council may refer particular subjects to Committees, and such Committees shall report to the Council the result of their proceedings.

40. All Committees shall be appointed by the Council. The President, Chairman of the Council, and Secretary (when honorary) shall, *ex officio*, be Members of all Committees.

41. No act, order, or resolution of any Committee shall bind the Institute unless it be done or made by the direction and authority of the Council, or be ratified by them.

42. It shall be competent for the Council to invite the co-operation of persons, not Fellows of the Institute, but who have special knowledge of any particular subject, and to place such persons on any Committee which may be appointed.

PRESIDENT.

43. The President, when present, presides at all Meetings of the Council and of the Fellows. The Council shall annually elect a Chairman of the Council, who shall hold office for one year, and shall be eligible for re-election, and shall preside in the absence of the President. In the absence of the President, and of the Chairman of the Council, one of the Vice-Presidents, or one of the Members of the Council, shall supply the place of the President or Chairman of the Council.

44. It is the duty of the Chairman of the Council to carry out the Rules of the Institute, to see that all the Officers of the Institute, and Members of the Council and of Committees perform the duties assigned to or undertaken by them respectively ; to call for Reports and Accounts from Committees and persons ; to cause of his own authority, and, when necessary, Special Meetings of the Council and of the Committees to be summoned ; and to propose, from time to time, to the Council such measures as shall appear to him conducive to the welfare of the Institute.

45. It is the duty of the Chairman of the Council, conjointly with the Council, to consider and resolve on the names of Fellows who are to be recommended at the Annual Meeting to fill up all vacant offices.

46. When prevented from being present at the Meetings of the Fellows or Council, or from otherwise attending to the current business of the Institute, the Chairman of the Council will be expected to give timely notice thereof to one of the Vice-Presidents, or, in their absence, to some other Member of the Council, or to the Secretary, in order that his place may be properly supplied.

47. The President, or, in his absence, the Chairman for the time being, shall have power to rule and regulate the discussions arising at any Meeting of the Institute.

48. In all Meetings of the Institute and Council, except in the cases otherwise provided for, the decision of a majority of the Fellows voting shall be considered as a decision of the Meeting, the President or Chairman having a casting vote, in addition to his own vote.

TREASURER.

49. The Treasurer has special charge of all Accounts, and shall see to the collection of all sums of money due to the Institute, which, when received, shall be immediately paid to the Bankers of the Institute.

50. In concert with the Secretary, the Treasurer shall keep a List of the Fellows of the Institute, with the name and address of each accurately set forth, which List, with all Books of Account, shall be laid on the table at every Ordinary Meeting of the Council.

51. He shall pay all Accounts due by the Institute, as soon as they have been examined and approved by the Council. But no drafts on its Bankers shall be payable unless signed by two of the Council and countersigned by the Secretary. The Accounts of the Treasurer shall be annually audited by a firm of Chartered Accountants appointed by the Fellows at the Annual General Meeting.

ORDINARY MEETINGS.

52. The Ordinary Meetings shall be held on such evenings, and at such hour, as may from time to time be fixed by the Council.

53. Visitors, if introduced by Fellows, may be present at the Ordinary Meetings, such privilege of introducing Visitors being limited to one only for each Fellow; but should a Fellow desire to introduce a second visitor he can obtain from the Secretary a special card of admission.

54. At the Ordinary Meetings the order of proceedings shall be as follows:—

A. The Minutes of the last Meeting to be read, and, if their accuracy be not questioned by the Meeting, to be signed by the President or Chairman.

B. Election of Candidates to be announced.

C. Papers and Communications to be read and discussed.

55. At the Ordinary Meetings of the Institute nothing relating to its Rules or Management, except as regards the election of Fellows, shall be brought forward, unless the same shall have been announced in the notice calling the Meeting, or be otherwise provided for in these Rules. But the Minute-book of the Council shall be on the table at each Meeting, and extracts therefrom may be read to the Meeting on the requisition of any Fellow.

56. No paper shall be read at any Ordinary Meeting of the Institute unless it shall have been approved of by the Council or by the Committee on Papers and Publications; but this approval shall not be taken as expressing an opinion upon the statements made or the arguments used in such Paper.

SPECIAL MEETINGS.

57. The Council may at any time call a Special General Meeting of the Institute, and it shall be imperative on the Council to summon such Meeting, whenever required in writing so to do by at least twenty-five Fellows of the Institute.

58. A week's notice at least of the time when, and the object for which, every Special Meeting is to be holden shall be sent to every Resident Fellow and to every Non-Resident Fellow of the Institute who has registered an address for service in the United Kingdom; and no other business than that of which notice has been thus given shall be entered upon or discussed at such Meeting.

59. A Special General Meeting, convened as herein provided, may be holden on any one of the days appointed for the Ordinary General Meetings, in which case the special business shall be entered upon immediately after the ordinary business of the day is closed.

60. Thirty Fellows must be present to constitute a Special General Meeting.

ANNUAL MEETING.

61. The Annual Meeting shall be held not later than the month of May.

62. Every Non-Resident Fellow shall be at liberty to register at the Institute an address for service of notices in the United Kingdom.

63. Notice of this Meeting shall be sent to every Resident Fellow and to every Non-Resident Fellow of the Institute who has registered an address for service in the United Kingdom, together with the Voting List referred to in Rule 65, and such notice and Voting List shall be sent as soon after the Ordinary Meeting referred to in Rule 65 as possible, and at least fourteen days before the day of the Annual Meeting. Notice of the Annual Meeting shall also be inserted in two or more English newspapers at least one week before the day of the Meeting.

64. The business of this Meeting shall be to receive and discuss the Annual Report of the Council, to hear the President's Address, to announce the result of the voting for the election of Fellows to fill the vacancies on the Council, and to consider such business as shall be brought forward by the Council or with the sanction of the Council, and which shall have been stated in the notice convening such Meeting.

65. For the purpose of filling the vacancies annually occurring under the provisions of Rule 7 in the Council, the Council shall prepare a List of Fellows, to be nominated by them as suitable to fill the vacancies to occur at the end of the year in the offices of President, Vice-President, Treasurer, and Councillors. The Council shall nominate a sufficient number of Fellows to fill the vacancies for that year, and then there shall be added to such List the name of any Fellow nominated since the last Annual General Meeting in writing by not less than twenty Resident Fellows for the office of Councillor, the consent in writing of such Candidate having been first obtained and forwarded with the nomination to the Secretary at least twenty-eight days previous to the date of the Annual Meeting. Provided always, that no Resident Fellow (who is not a member of the Council) may nominate more than one Fellow for the office of Councillor in any one year. Such List shall be the Voting List for the Annual Election. If no Fellow shall be nominated for the office of Councillor aforesaid in addition to the nominations by the Council, the Fellows nominated by the Council to fill the vacancies in the various offices for that year shall be deemed respectively elected without any ballot being necessary, and the Voting List need not be printed and circulated. If there shall be additional nominations for the office of Councillor the Voting List shall be printed, and a copy thereof sent by post, with all requisite instructions for voting and an official envelope, with the notice convening the Annual Meeting, to every Resident Fellow and every Non-Resident Fellow of the Institute who has registered an address for service in the United Kingdom, and shall be returned in the official envelope to the Secretary, duly filled up and signed by such Fellow, at least three clear days before the Annual Meeting. At the Ordinary Meeting next before each Annual Meeting two Fellows shall be chosen to act as Scrutineers for the purpose of the voting for the ensuing year, one of whom shall be nominated and appointed by and on behalf of the Council, and the other by and on behalf of the Fellows. The Scrutineers so appointed whenever a ballot takes place shall, prior to the Annual Meeting, open the official envelopes received by the Secretary containing the Voting Lists and count the votes and report in writing to the Council the names of those duly elected, together with the names of those, if any, for whom an equality of votes may have been cast. In the event of an equality of votes, the result shall be determined by vote of the Council

on the day of the Annual Meeting. Any Voting List on which a Fellow has voted for a number, either more or less, than the necessary number of persons to fill up the vacancies in the offices of President, Vice-Presidents, Treasurer, and Councillors respectively, shall be rejected by the Scrutineers. The notice of Meeting and the Voting List shall be in the form set forth in the Schedule to these Rules, or as near thereto as may be.

66. The chair shall be taken at the hour appointed in the Notice of the Meeting, or as soon thereafter as twenty Fellows shall be present.

• ASSOCIATES.

67. Ladies being British subjects wherever resident, and gentlemen being British subjects resident in the United Kingdom, may be admitted to the enjoyment of the following privileges connected with the Institute, but shall not be corporate Members or Fellows. They shall be called Associates and shall be entitled to receive a copy of the Monthly Journal of the Institute; to attend any meeting held for the reading of papers, any Provincial Conferences of the Institute, and the Annual Conversazione, but they shall not be entitled to attend any Annual or Special General Meeting.

68. The election of Associates is intrusted to the Council, and every candidate desiring to become an Associate must be proposed by a Fellow or *Associate* from personal knowledge according to form No. 2 in the Appendix hereto.

69. Every Associate shall on election and on every succeeding 1st day of January pay £1 as his or her annual subscription for the current year ending on the 31st December next ensuing or may compound for such subscription by the payment of Ten Pounds.

70. The provisions contained in the under-mentioned Rules shall apply to Associates, but nothing in this or any other Rule shall confer upon Associates any privileges beyond those conferred by Rule 67. The Rules specially last above referred to are Nos. 13, 16, 17, 18, 25, 26, and 27.

ALTERATION OF RULES.

71. Any alteration in these Rules, recommended by the Council, may be proposed at the Annual Meeting, or may be submitted at any Ordinary or Special Meeting, notice thereof having been given under the provisions of Rule 55, provided that such proposed alteration shall have been exhibited in a conspicuous place in the Rooms of the Institute, for at least one calendar month previous to the Meeting at which it shall be submitted.

72. Any twenty-five Fellows may propose to the Council any new Rule, or the alteration or repeal of any existing Rule, by letter addressed to the Secretary; and, if dissatisfied with the answer of the Council, they may require that their proposition be referred to a Special General Meeting, which the Council shall convene for that purpose within one calendar month after receiving such requisition.

73. No repeal or alteration of any of these Rules, nor addition thereto, shall be considered valid unless concurred in by three-fourths of the Fellows present and voting in each case.

FORM OF BEQUEST.

I bequeath the sum of £ to the ROYAL COLONIAL INSTITUTE, Incorporated by Royal Charter 1882, and I declare that the receipt of the Treasurer for the time being of the said Corporation shall be an effectual discharge for the said Bequest which I direct to be paid within calendar months after my decease without any reduction whatsoever, whether on account of Legacy Duty thereon or otherwise, out of such part of my estate as may be lawfully applied for that purpose.

Those persons who feel disposed to benefit the Royal Colonial Institute by Legacies are recommended to adopt the above Form of Bequest.

V.—THE INSTITUTE BUILDING.

In the year 1869 the Institute occupied two rooms in the Westminster Palace Hotel, temporary office-room having been previously given in Victoria Chambers by Sir George Verdon, a Member of the Council. In the following year, rooms were acquired at 26, Suffolk Street, Pall Mall East. In 1871 the subject of house accommodation was again considered, and on November 20 of that year three rooms, constituting the first floor of 15, Strand, were engaged at an annual rental of £150. This accommodation was extended by taking in the upper floor of that house on January 7, 1873.

In the year 1883 it was decided to acquire a permanent home for the Institute in lieu of the very inadequate premises hitherto occupied. The lease of a site in Northumberland Avenue—the freehold of which has since been purchased—was secured, and, after a total expenditure of £50,000, *part* of the present substantial and commodious building was occupied in 1885.

The growing importance of the Institute, the widening of its scope, and increase of its membership rendered extension of the premises in occupation a matter of pressing urgency, and in June 1910 the opportunity was afforded to absorb and consolidate the whole property for the use and benefit of the Fellows.

Under a reconstruction scheme the premises in Northumberland Avenue were almost entirely rebuilt, with the idea of providing more suitable and adequate accommodation. As a result, instead of the seven inconveniently small and inappropriate rooms formerly available, there are twenty-five well-equipped rooms, and the building as it now stands consists of five stories apportioned as follows: In the basement is the parliamentary library, library store-rooms, and the Information Bureau, together with lavatories, &c. On the ground floor is the entrance-hall, on the left of which is a general-room in which smoking is allowed and the daily papers, writing materials, &c., are available. On the right is a reception-room in which ladies, as well as the Fellows, can obtain tea and coffee, and meet their friends. On the right again are the hall porter's lodge where Fellows obtain their correspondence, and the general office, in which is the chief clerk's room. On the mezzanine floor is the Secretary's department. The general library occupies the whole of the first floor. On the half-landing between the first and second floors is the law library and map-room. On the second floor, occupying the whole of the frontage to Northumberland Avenue and the portion of the Craven Street premises, is the newspaper-room, a spacious apartment in which the newspapers, official gazettes, &c., from all parts of the Empire are regularly filed. On the third floor are the council-room and smoking-room, and on the fourth floor the editorial department, the Empire lectures department, a typewriting room for the use of the Fellows where letters can be dictated and typed, and the housekeeper's quarters.

VI.—PRIVILEGES OF FELLOWS AND ASSOCIATES.

THE Institute consists of Resident and Non-Resident Fellows, and Associates (who must be British Subjects).

(a) FELLOWS.

A Resident Fellow (who has a permanent home in the United Kingdom) pays an entrance fee of £3 and an annual subscription of £2; a Non-Resident Fellow (who has his permanent home outside the United Kingdom) pays an entrance fee of £1 1s. (which is increased to £3 when taking up permanent residence in the United Kingdom) unless he has been a Fellow for a period of 15 years, and an annual subscription of £1 1s. (which is increased to £2 when in the United Kingdom for more than twelve months). Resident Fellows can compound for the annual subscription by the payment of £20, or after five years' annual subscriptions of £2 on payment of £15; and Non-Resident Fellows can compound for the *non-resident* annual subscriptions on payment of £10, or after the payment of twenty or more annual subscriptions on the payment of £5.

Privileges of Fellows.—The privileges of Fellows, whose subscriptions are not in arrear, include the use of the Institute building, which comprises reading, writing, reception and smoking rooms; a library containing nearly 100,000 volumes and pamphlets relating to the history, government, trade, resources and development of the British Dominions. The newspaper-room contains files of over 800 of the leading journals, magazines, and reviews of all parts of the Empire, which are regularly received and filed. Books may be borrowed—subject to the library regulations—and the correspondence of Fellows may be addressed to the care of the Institute. Fellows have the advantage of a standing postal and registered telegraphic and cable address in the United Kingdom. Fellows are entitled to be present at the ordinary meetings, and to introduce one visitor; to be present at any annual provincial conference; to be present at the annual *conversazione*, and to introduce a lady. The Institute is open on week-days from 9.30 A.M. to 8 P.M. The monthly journal, entitled UNITED EMPIRE, is forwarded to all Fellows whose addresses are known, free of charge.

(b) ASSOCIATES.

Ladies who are British subjects, wherever resident, and Gentlemen who are British subjects resident in the United Kingdom, may become Associates of the Royal Colonial Institute on payment of an annual subscription of £1 or may compound for such subscription by the payment of £10.

Associates, although not corporate members of the Institute, will be able:—

1. To join with the Fellows in carrying out the great aims and objects of the Institute.
2. They will receive a copy of the monthly Journal.
3. May become members of local centres.
4. Attend all meetings held for the reading of Papers, Empire Lectures, and Provincial Conferences.
5. And also the Annual *Conversazione* in London.

The election of Associates is made by the Council, and Candidates must be proposed by a Fellow or Associate from personal knowledge.

VII.—PUBLICATIONS.

ANNUAL VOLUME OF "PROCEEDINGS."

IN the year 1869 the first volume of the "Proceedings of the Royal Colonial Institute" was issued. It contained a complete report of the meeting called by public advertisement for the purpose of adopting measures for forming an Association to be called the Colonial Society, at which speeches were made by Viscount Bury (afterwards the Earl of Albemarle), the Right Hon. Chichester Fortescue, M.P., Mr. Leonard Wray, Mr. A. H. Louis, the Marquis of Normanby, Mr. Baillie Cochrane, M.P., Sir H. Drummond Wolff, Mr. Edward Wilson, Mr. W. B. Hume, Sir Charles Nicholson, Mr. Henry Blaine, Mr. Marsh, M.P., and Mr. Selim Jackson. A full account of the proceedings at the inaugural dinner, at which Viscount Bury presided, also appeared in the volume. It was a memorable occasion in view of the fact that a large number of the leading politicians of the time representing the Motherland and the Overseas Dominions, Colonies and India were present, including Mr. Gladstone, Earl Granville, the Duke of Manchester, Sir Bartle Frere, Sir Charles Nicholson, Sir George E. Cartier, Sir Charles Clifford, Sir George Verdon, Sir George Macleay, Captain Charles Sturt, Sir James A. Youl, Mr. W. C. Wentworth, and many other distinguished men. In the report of the inaugural meeting, which was held in the Theatre of the Institution of Civil Engineers on March 15, 1869, Viscount Bury referred at some length to the great increase in the number of scientific and literary institutions which was observable at that time, and emphasised the fact that in his opinion an unnecessary number of institutions differing only slightly from each other in the objects which they professed to aim at, frittered away in the expenses of management funds which, under a system of cordial co-operation, would have been available for more extended and practical usefulness. He claimed that there was no society or body of men in existence in England dealing with the one great object of the Society—the diffusion of accurate information upon Colonial subjects among our countrymen. The first Paper read before the Institute dealt with "The Relations of the Colonies to the Mother Country," which was written by Mr. W. Westgarth, and is a subject that has always occupied a prominent place in the annual programme of the Institute. The Institute, through its publications, has done a vast amount of valuable work, more especially in diffusing accurate information to those in this country desiring to gain a knowledge of the various Overseas Possessions, as well as in shaping public opinion by quiet and steady educational work. The first volume of the "Proceedings" contained 216 pages, and the second 166. In succeeding years the size of the volume of "Proceedings" varied between 400 and 500 pages. The "Proceedings" continued to be issued until the year 1909, when they were replaced by a monthly journal entitled UNITED EMPIRE. Forty volumes in all were issued.

THE "JOURNAL."

IN the year 1890 it was decided to issue an additional publication to be known as the "Journal of the Royal Colonial Institute," to be published in advance of and in addition to the annual volume of "Proceedings." The first number appeared in December 1890, and it was issued during eight months of each year, viz., from December to July inclusive, until December 1909. The number of volumes issued was nineteen.

"UNITED EMPIRE."

During the year 1909, it having been decided that a review, or magazine, would be one of the most effective means for widening the sphere of influence of the Institute and increasing its popularity and usefulness, a new monthly journal, entitled UNITED EMPIRE, was issued on January 1, 1910, which superseded both the annual volume of "Proceedings" and the "Journal." This review is designed to traverse as far as possible the whole field of Imperial activities, and cannot fail to prove of advantage to the trader, manufacturer, and farmer, as well as to officials, politicians and others in all parts of the Empire. The yearly volume averages about one thousand pages, and contains numerous maps, illustrations and diagrams. Its contents comprise the Papers read at the meetings of the Institute, articles contributed by recognised authorities on Imperial questions, editorial notes, &c. Special sections are devoted to reviews and notices of books, pamphlets, &c., relating to all parts of the Overseas Empire; to information regarding Empire trade and industry; and to Greater Britain notes. The journal, which is not only sent to every Fellow and Associate of the Institute, but to institutions and clubs throughout the Empire, is edited by Mr. Archibald R. Colquhoun.

VIII.—MEETINGS.

THE ordinary general meetings of the Institute at which Papers are read or addresses delivered are held on the second Tuesdays during the months of November to June at 8.30 P.M. Afternoon meetings for the same purpose are also held during the above-mentioned months at 4 P.M. The Papers are often illustrated by lantern slides, and the subjects are so selected as to embrace all parts of the Overseas Empire. A discussion takes place upon all occasions. The evening meetings are preceded by a dinner, which takes place at 7 o'clock, and is attended by Fellows and their friends, both ladies and gentlemen, and so assists in promoting acquaintanceship amongst them. The following Papers were read and discussed during the Session 1913-14 :—

"Gold Coast Colony (the Northern Territories)." By Captain C. H. Armitage, C.M.G., D.S.O.

"Northern Rhodesia: Past, Present and Future." By Lieut.-Colonel A. St. Hill Gibbons.

"The Awakening of Vancouver Island." By Mrs. Charles Henshaw, F.R.G.S.

"Citizenship in Canada." By C. F. Roland.

"German Colonial Policy." By Professor M. Bonn (of Munich University).

"Zanzibar and its Possibilities." By A. R. Galbraith.

"British Interests in Argentina." By Herbert Gibson.

"Nigeria and its Development." By J. Astley Cooper.

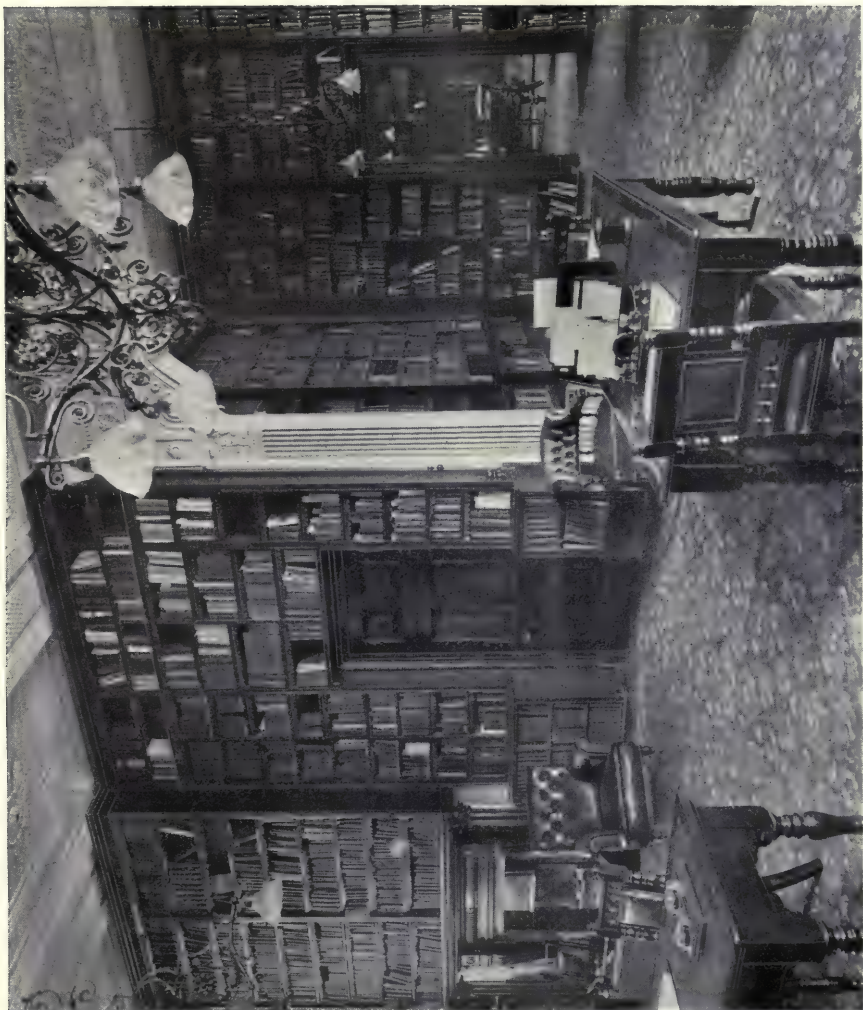

"Impressions of an Empire Tour." By Rt. Hon. Lord Emmott, G.C.M.G. (Under-Secretary of State for the Colonies).

"Imperial Naturalisation." By J. Saxon Mills.

"The Empire and the Birth-Rate." By C. V. Drysdale, D.Sc.

"The Economic Effect of the Panama Canal on Western Canada." By F. B. Vrooman, B.Sc., Ph.D.

LIBRARY

IX.—THE LIBRARY.

THE library of the Royal Colonial Institute contains one hundred thousand volumes and pamphlets relating to the British Dominions, Colonies, and India, or discussing problems of administration and colonisation. One of the objects for which the Institute was founded was the formation of such a library, but owing to lack of funds little progress was made until the Council were in a position to vote a small annual grant. In 1881, thirteen years after the foundation of the Institute, the library only contained 2,500 volumes, but from about the year 1886 substantial progress was made, so that at the present time it can claim to possess the most complete collection of Colonial literature brought together under one roof. Although many valuable and necessary books were annually purchased, the substantial increase of recent years is largely attributable to donations from the various Overseas Governments and India, the Secretaries of State, the different learned societies, Chambers of Commerce, and other public bodies, and from publishers and authors in all parts of the Empire. Co-operation from these quarters has enabled the Institute to gather together a unique collection which is of great value to students of Empire topics and to all those who are seeking information with regard to the administration, resources, trade, history, law, ethnology, and general conditions of the wide domains under the British flag. The library, the main portion of which is situated on the first floor of the Institute building, is divided into as many sections as there are separate administrative units within the Empire. These sections are further subdivided according to subjects, so that all the books on a given topic are found together on the shelves. To take a specific example: under Canada will be found the books dealing with the history, agriculture, fauna, education, &c., of the Dominion, each contained in separate divisions. The parliamentary library, which contains the Blue-books, parliamentary reports, debates, sessional papers, government gazettes, and general official literature issued by the Overseas Governments, is contained in the basement. In these official publications is hidden away an immense amount of information of value to students of sociology, history, ethnology, &c. Of specially important publications may be mentioned the various geological, archæological, ethnological, and other surveys, the gazetteers issued by the Indian Government, and the different departmental reports. This room has been fitted with rolling book-stacks which contain long sets of periodicals, agricultural journals, and publications of a similar nature, including a collection of colonial municipal reports, regulations, and mayors' minutes. On the ground floor are some of the proceedings of the learned and literary societies, many of which are of great importance. It is only necessary to name a few, such as the Royal Society of Canada, the Royal Societies of Victoria and other Australian States, the Royal Geographical Societies of the different portions of the Empire, as well as the British and Foreign Geographical Societies, such as those of London, Liverpool, Paris, Lisbon, Vienna, Madrid, and Antwerp. Next to the general library, on the first floor, is situated the law library and map room. This portion of the library is one of its most valuable sections, for it not only contains almost complete sets of the statutes of the Dominions, Colonies, and India, but also long sets of the various law reports and law journals and many treatises on special aspects of Colonial Law.

The practical importance of the law library has been demonstrated by the frequent reference to its contents by lawyers engaged upon Privy Council and other legal work connected with the Dominions and Crown Colonies. In the law library is also kept

an extensive collection of several thousand maps and charts, presented mainly by the Admiralty, the War Office, and the Overseas Governments.

A section of the library of value to historical students is that which contains the proceedings of the various American historical societies, of which there are several long sets in the library, notably those of the American Historical Association, the New York Historical Society, the Ohio, Michigan, Rhode Island, New Hampshire, and Iowa Societies. Another important section is the Cobham collection of books relating to Cyprus, presented by C. Delaval Cobham, Esq., C.M.G. This contains practically every printed book describing the island and its history and antiquities, and includes many rare and valuable volumes.

The additions to the library are catalogued upon cards, and every item which deals in any way with the British Empire, be it book, pamphlet, or magazine article, is carefully noted for future reference. The first printed catalogue was published in 1881, and the last in 1901, since which date no catalogue has been issued for distribution. The printed catalogues form a fairly complete bibliography of the literary activities of the Empire, and the manuscript catalogues reveal the immense range of literature published during recent years. Amongst the treasures of the library are many books of great value and rarity, both bibliographically and historically. The collection of drawings made by William Westall, A.R.A., who accompanied Flinders on his expedition to the shores of Australia in 1801-2, is unique, as are those of scenes in the Transvaal and in Rhodesia made by A. A. Anderson. The collection of books relating to Australia is extensive, and contains the chief collections of voyages to the South Seas, a valuable set of Gould's Birds, and many scarce pamphlets. The Dominion of Canada is also well represented, and amongst the rarer books may be noted Colden's "History of the Five Nations" (1747); Jeffrey's "Natural and Civil History of the French Dominions in North and South America" (1761); Rogers' "Account of North America" (1765); Sagard's "Le Grand Voyage du Pays des Hurons" (1632); Bacqueville's "Histoire de l'Amerique Septentrionale"; Charlevoix' "Histoire de La Nouvelle France" (1744), and the celebrated series of the Jesuit Relations. The literature relating to the West Indies is extensive, and contains Davies' "History of the Caribby Islands" (1666); Burton's "English Empire in America" (1685); Blome's "Jamaica" (1672), and Hickeringill's "Jamaica Viewed," an extremely rare publication issued in 1661. The African section, Eastern, Western, and Southern, is of great interest. Here are the sumptuous volumes issued by Ogilby in 1670, containing some of the earliest illustrations of the Cape, the quaint literary hoax written by Damberger in 1801, Kolbe's "Present State of the Cape" (1718), and the works of the principal African voyagers and discoverers, such as Sparmann, Paterson, Barrow, Lichtenstein, Le Vaillant, Latrobe, Burchell, and many others. A splendid edition of Daniell's "African Scenery and Animals," and other rare illustrated works add distinction to this section of the library. The Indian section also contains many of the more important works relating to India, and a special section is devoted to Egypt and the Sudan. Nor are the smaller dependencies neglected. There is quite a collection of literature relating to the Falkland Islands, and even such small islands as the Cocos-Keeling group and Fanning Island have their section in the catalogue as well as on the shelves. Of general works of travel attention may be directed to those known as Halkuyt (1598-1600); Purchas (1625-6); Churchill (1732); Harleian (1745); Harris (1705); Callander (1788); Burney (1803-17); Pinkerton (1808); Astley (1745-7); Kerr (1811-24); Ramusio (1554-83), and Prévost (1746-70), and the publications of the Hakluyt, Navy Records, Linschoten, and similar societies. Among

special sections may be mentioned one containing the prose and poetic writings of Colonial *littérateurs*. The importance of the growing national literatures of Canada, Australia, and even South Africa is attested by the size of the special sections. There is also a botanical section in which the chief works on the floras of the Colonies are kept, and a language section containing publications on and in native languages is being formed. A journey round the bookshelves reveals the greatness of the British Empire, and brings home in a better way than can perhaps be done elsewhere the vast amount of literature that has been written about the British possessions. The library is becoming more and more known to literary workers, and many well-known works on subjects of colonial and imperial interest have been written within its walls.

X.—THE NEWSPAPER ROOM.

EIGHT hundred and eighty-nine newspapers, journals, and magazines are received and filed at the Institute. Most of the monthly and quarterly magazines are kept in the library or on tables in the law-room, but the newspapers and weekly journals are displayed on stands in the newspaper-room. They include periodical publications from every portion of the British Empire, arranged in different sections, and can be easily and quickly found. It may be stated that almost every newspaper of any importance is received, many of them being presented by their publishers. Fellows from overseas and Resident Fellows who have returned to the Mother Country find the newspaper-room one of the most useful features of the Institute, for by means of the files of current papers they are enabled to keep in close touch with events in the portion of the Empire with which they are connected. No other institution has so good a display of Colonial periodical publications. It would be invidious to point out any special paper or journal, but attention may be directed to the various classes of papers that are filed in this room. First are the daily newspapers published in the capitals and chief cities of the Empire, and reflecting the political and social life of their respective spheres. The majority of these, after the expiration of one year, are handed over to the British Museum for permanent storage, and Fellows of the Institute may always consult back files on presentation of their card to the Museum officials. Then there are the official gazettes from every State in the Empire. These are kept permanently in the Institute so that they may be available for reference at any time. Many important trade journals, both of a technical and commercial character, are also received, and by their aid the business man is able to follow the different commercial movements in the Empire. There are in addition a number of papers and magazines of a special character, relating to medicine and tropical hygiene, mining, engineering, and tropical products; whilst the magazines include the chief British and overseas monthlies, and reflect every phase of thought. The magazines also include the agricultural journals of the different States, the periodical journals of the chief British, Colonial, and foreign learned societies, the journals of the principal geographical societies, a number of reviews dealing with anthropological and linguistic topics, and the various law reports and legal journals published in the Overseas Dominions.

XI.—LIST OF NEWSPAPERS AND MAGAZINES.

THIS list does not include the large number of Transactions of Societies received in bound volumes, nor official publications appearing at irregular intervals.

The asterisk denotes periodicals that are kept in the Library for permanent reference; the others, after being kept on file, are sent to the British Museum, where they are available for the use of Fellows.

XII.—GOLD MEDAL FOR SCIENTIFIC INQUIRY.

THE Gold Medal of the Royal Colonial Institute is offered annually for the best research monograph on some subject, which the Council will determine, bearing directly upon the practical problem of the closer and permanent union of the Empire. In addition to the medal a grant of one hundred guineas is made to the successful competitor, together with Honorary Fellowship of the Institute for life. Apart from the successful monograph, the Council may award pecuniary acknowledgment for monographs of special merit. The aim of the Council is to encourage scientific inquiry into such particular questions directly affecting the Imperial problem as may seem susceptible to that mode of treatment. The theme for the current year has been selected with reference to the immediate phase of the Imperial movement, and is stated as follows:—

“The applicability of the dictum that ‘a democracy cannot manage an Empire’ (Thucydides, Bk. iii., ch. 37, Jowett’s translation) to the present conditions and future problems of the British Empire, particularly the question of the future of India.”

REGULATIONS.

The Competition shall be governed by the following Regulations:—

1. The Competition is open to British subjects of either sex.
2. The monographs must be received at the Institute, addressed to the Secretary and marked on the envelope “Research Medal,” not later than the following dates:—

Country of Origin.	Latest Date.
United Kingdom, Continent of Europe, and adjacent places	April 1, 1915
North America	April 8, „
South, East, and West Africa, India, and adjacent places	April 19, „
South America, West Indies and adjacent places	April 22, „
Australia, New Zealand, South Pacific, and Far East	April 29, „

3. The monographs must be in the English language, typed on one side only of foolscap paper, with a margin on the left-hand side.

4. Each monograph to be marked with a motto or other distinguishing sign—not being the name of the writer—and accompanied by a sealed envelope bearing a similar motto or sign, and containing the full name and address of the writer of the monograph.

5. Monographs may be accompanied by appendices such as bibliographies, analyses, charts, tables, statistics or other tabular information of a kind likely to be useful to later students of the same subjects. In arriving at their decision the Examiners will take account of the value not only of the monograph itself but also of any accompanying appendices.

6. Monographs should be of a length not exceeding 25,000 words or thereabouts exclusive of any appendices.

7. The copyright of the successful monograph shall be the exclusive property of the Institute.

8. In the case of the Council desiring to publish the work, or part thereof, of any unsuccessful competitor, they shall have the right to do so, and in that event shall make to him or her such pecuniary acknowledgment as they think fit, and the said competitor shall accept it as sufficient.

9. The Council reserve to themselves the right of not making any of the above-mentioned awards if in the opinion of the Examiners none of the work submitted is sufficiently meritorious.

XIII.—PRIZES FOR ESSAYS.

The Council of the Royal Colonial Institute, desiring to encourage the rising generation to acquire a better and more extended knowledge and appreciation of His Majesty's Empire, offer prizes to young men and women undergoing education, for essays on subjects of Imperial concern. It is felt that the preparation of such essays would tend to stimulate interest in the history, institutions, and resources of the various countries which constitute the Empire. The subject selected for the present year's competition is "**In what sense can an Empire prove itself to be great?**"

CONDITIONS.

1. The Council offer two Prizes of £20, and one of £10, respectively for the best three essays.

2. One prize of £20 is open to persons being undergraduate members of any university in the British Empire, and who shall not, at the time fixed for sending in the essays, have been members for more than three years.

3. One prize of £20 and one of £10 are open to pupils of any school in the British Empire, who do not exceed the age of nineteen years at the time fixed for sending in the essays.

4. The competition is open to both sexes.

5. Certificates will be awarded to the prize winners, and to such other competitors as may appear deserving.

6. The length of the papers not to exceed 5,000 words, to be written on one side only of foolscap paper, with an inch and a half margin on the left-hand side.

7. The papers to be delivered at the Institute not later than 5 P.M. on October 20, 1914.

8. Not more than three papers to be sent in from any one school.

9. Each envelope to be marked on the left-hand upper corner "Essay Competition," "University," or "School," as the case may be, and addressed to "The Secretary, Royal Colonial Institute, Northumberland Avenue, London."

10. Each essay to be marked with a motto or other distinguishing sign—not being the name of the writer—and accompanied by a sealed envelope, bearing a similar motto or sign, and containing the full name and address of the writer of the essay.

11. Each essay to be accompanied by a certificate from some person holding a public position, *e.g.*, a minister of religion, professor, &c., declaring that such person has satisfied himself or herself that the essay marked (quoting the mark or sign) is the genuine work of the writer named in the accompanying sealed envelope; that such

writer is a member of the university or school—as the case may be—and, as to a university, has not been a member of such university for more than three years; and in the case of a school, does not exceed the age of nineteen years on the latest date fixed for the delivery of the essay at the Institute.

12. Successful competitors to furnish any further proofs of compliance with the terms of the competition that may be required by the Council.

13. Papers illegibly written or not complying with the regulations will be rejected.

14. The prizes to be awarded by the Council, after consideration of the report of the Examiner, who will be appointed by the Council. The decision will be announced on January 1, 1915.

15. The Council reserve the right of withholding any prize and of making such supplementary regulations in respect to the competition as may from time to time appear to them to be necessary.

16. Essays sent in for competition will not be returned.

17. The copyright of all essays sent in to be deemed to be vested in the Council.

XIV.—LOCAL COMMITTEES AND LOCAL BRANCHES.

In the Regulations the word Council means the Council of the Royal Colonial Institute.

A local Committee of the Institute may be constituted in any town or district of the United Kingdom, in accordance with Regulations to be from time to time framed by the Council of the Institute.

The function of a Local Committee is to further the objects and aims for which the Institute was founded by diffusing information concerning the Empire, by organising lectures for all classes throughout the district, by distributing literature or by other means, by arranging public meetings whenever the Council desire to focus public attention on any matter, by watching the emigration movement in the district with a view to keeping the Emigration Committee of the Institute in touch with every development, by promoting Empire trade, and generally by such other means as the Council may direct.

Subject to the decision of the Council that the local conditions are such as to justify the enterprise, and to the Regulations for the time being in force, a Local Committee may found a Local Branch of the Institute, which should have as its headquarters a suitable Building designed to afford facilities similar to those of the Institute Building in London.

REGULATIONS.

I.—Local Committees.

1. Upon receipt of a request in writing from ten local subscribers (Fellows or Associates) residing in a town or district the Council may, at their discretion, issue a Certificate establishing a Local Committee and defining its district. The Council may, by a subsequent Certificate, vary the district so defined.

2. The ten who have signed the request shall, on receipt of the Certificate, become the Provisional Committee, with power to add to their number, and shall appoint

honorary officers. The Provisional Committee shall, as soon as may be convenient, summon a General Meeting of all Fellows and Associates resident within the district. The meeting shall proceed to the election of a Committee, which shall thereafter be recognised as the Local Committee, and the appointment of honorary officers, who shall be subject to the approval of the Council.

3. Once a year the Local Committee shall summon a General Meeting of the Fellows and Associates resident within the district for the election of a Committee and officers for the ensuing year.

4. Not later than February 1st in each year the Honorary Secretary of the Local Committee shall submit to the Council a tentative programme of work to be undertaken in the current year and an estimate of expenditure. A financial allowance may be made by the Council towards such expenditure, having regard to the nature of the work to be undertaken by the Local Committee and approved by the Council in each case. The allowance shall normally not exceed the sum of Five Shillings per head of Fellows and Associates resident within the district.

5. The Secretary of the Local Committee shall forward to the Secretary of the Institute, not later than February 1st, a report on the work of the Committee for the past year, together with an audited statement of income and expenditure.

6. The Council shall not be responsible for the defaults, financial or otherwise, of a Local Committee, or for any acts which are contrary to the aims or regulations of the Institute.

7. The Council may at its discretion, and on giving not less than six months, notice in writing, revoke the Certificate, which shall then be returned to the Secretary of the Institute, together with all monies standing to the credit of the Committee after all liabilities have been discharged.

II.—Local Branches.

1. The application of any Local Committee for authority to found a Local Branch shall set forth (a) the area proposed to be included, (b) the population within that area, (c) the number of Fellows and Associates resident within that area and the estimated probable increase, (d) the scheme for the acquisition and maintenance of Institute premises, including any special offers for this purpose by local residents or others, and (e) any other circumstances in support of the application. The Council, if they grant the application, will issue a Warrant of Incorporation as well as a Certificate defining the area. The area may subsequently be varied. The Warrant will define the financial relations between the Institute and the Branch.

2. A Local Branch may be organised with such officers, honorary or otherwise, as the Council may in each case approve. The Secretary of the Local Branch will generally undertake the duties of Honorary Corresponding Secretary of the Institute.

3. A Local Branch may make regulations for the conduct and support of the Branch, such regulations to be passed at a General Meeting and to be subject to the approval of the Council. The regulations may provide for the collection of an additional subscription towards the maintenance of the local Institute or its activities. But refusal to pay such additional subscription shall not impair the general status or privileges of an Associate or Fellow of the Institute, as defined in the Rules and Regulations of the Institute.

4. A Local Branch shall be deemed to include all Fellows and Associates resident

within the area, excepting those (if any) who decline to pay the extra subscription (if any) on account of local privileges or activities.

5. Once a year a general meeting of the Local Branch shall be held for the purpose of electing a committee and officers for the ensuing year.

6. Not later than February 1st in each year the Secretary of the Branch shall submit to the Council a tentative programme of work to be performed in the current year and an estimate of expenditure. A financial allowance may be made by the Council towards such expenditure, having regard to the nature of the work to be undertaken by the Branch and approved by the Council in each case, and the amount of the subscription collected within that area.

7. The Secretary of the Local Branch shall collect the subscriptions of Fellows and Associates within the area, and shall remit the same to the Secretary in London except in so far as he may be otherwise authorised by the approved Regulations or by the Council. Should the Secretary in London receive direct any subscriptions from within the area he will at once notify the Local Secretary.

8. The Secretary of a Local Branch shall forward to the Secretary of the Institute, not later than February 1st, a report on the work of the Branch for the past year together with an audited statement of income and expenditure.

9. The Council will not be responsible for the defaults, financial or otherwise, of a Local Branch, or for any acts which are not consonant with the aims and regulations of the Institute.

10. The Council may, at its discretion, from time to time vary the regulations and on giving not less than six months' notice in writing, revoke the Warrant of Incorporation, which shall then be returned to the Secretary of the Institute together with all monies standing to the credit of the Branch after all liabilities have been discharged.

XV.—ILLUSTRATED EMPIRE LECTURES.

DURING the year 1910 the Council started a movement for the purpose of inculcating the principles governing the Institute and spreading throughout the United Kingdom detailed knowledge as to the present resources and future development and consolidation of the Empire by means of illustrated lectures dealing with all parts of the Overseas Dominions. The diffusion of knowledge concerning the Empire is one of the principal objects for which the Institute was originally founded, and has been steadily and regularly carried out at the sessional meetings held in London by the Papers which are then read and the discussions which take place thereon. But the opportunities for attending these meetings to those who live outside London and its immediate neighbourhood are naturally restricted, and it is for that reason that steps have been taken to further this particular branch of the Institute's work throughout the country.

To maintain a regular scheme of lectures on a large scale necessarily involves considerable expense, and the extent therefore to which it may be found possible to develop the movement must be largely dependent upon the amount of funds which are from time to time available for the purpose. With this object in view, a special fund, known as the "Empire Lectures Fund," has been established, and subscriptions thereto may be addressed to the Secretary of the Institute.

Mr. Herbert Garrison, F.R.G.S., Official Lecturer of the Institute, has devoted most of his life to studying the British Empire, travelling over it and lecturing upon it. He has lectured with marked success throughout the United Kingdom to large audiences of the general public as well as to leading societies, educational institutions, and colleges. The lectures have been actively supported by influential committees in the various centres, and the Council have received many letters of thanks and appreciation. Mr. Garrison has now given some 300 lectures for the Institute.

Members of the Council and several other Fellows of the Institute have assisted in promoting this important work, and it is hoped that others will follow their example by arranging for the delivery of lectures in their own particular districts.

Mr. Garrison's lectures comprise the following subjects :—

1. "Our World-Wide Empire."
2. "Outposts of the British Empire."
3. "The Dominion of Canada."
4. "The Commonwealth of Australia."
5. "The Union of South Africa ; and Rhodesia."
6. "The Romance of India, and the Delhi Durbar."
7. "New Zealand—The Wonderland of the World."
8. "Ceylon—Eden of the Eastern Wave."
9. "The British Isles of the Far Pacific."
10. "Our Crown Colonies, Dependencies, and Protectorates."
11. "Newfoundland—Our oldest Colony."
12. "British Possessions in the Mediterranean."
13. "The Straits Settlements, the Malay States, and North Borneo."
14. "British West Indies."
15. "British Columbia."
16. "Round the World on the King's Highway—the All-Red Route."

All these lectures are illustrated by lantern slides from Mr. Garrison's own unique collection. Some of the subjects are also illustrated by kinematograph films. The Institute also possesses a collection of lantern slides illustrating the physical features, industries, and public buildings in various parts of the Empire, which are used to illustrate lectures delivered under its auspices.

XVI.—EMPIRE TRADE AND INDUSTRY COMMITTEE.

BEN H. MORGAN, Esq., *Chairman* ; Lieut.-Gen. Sir J. Bevan Edwards, K.C.B., K.C.M.G. (Chairman of Council of the Institute), Sir Godfrey Lagden, K.C.M.G. (Deputy Chairman of Council of the Institute), Richard Jebb, Esq., Sir Daniel Morris, K.C.M.G., Henry Birchenough, Esq., C.M.G., The Hon. Sir C. H. Rason, Hugo Hirst, Esq., Stanley Machin, Esq. (Ex-Chairman, London Chamber of Commerce), Edward Manville, Esq. (Chairman, Society of Motor Manufacturers and Traders), Colonel John Denny, Major Archer-Shee, D.S.O., M.P., Lord Merthyr, K.C.V.O., R. K. Morcom, Esq., G. McL. Brown, Esq., F. C. Salter, Esq., W. M. Botsford, Esq., Hon. J. G. Jenkins Joseph Rippon, Esq.

The objects of the Committee are :—

- (1) To facilitate, encourage and arrange industrial conferences or meetings to be attended by men of affairs from any or all parts of the Empire, in order to discuss

questions of common interest with a view to regulating and co-ordinating the conditions of Empire trade and industry

(2) To encourage and facilitate Empire trade and industry, e.g., by arranging for the reading of Papers and delivery of Addresses on financial, industrial, and trade subjects by authorities before the Institute itself and before Chambers of Commerce, trade bodies, and like institutions in the leading industrial centres.

The work of the committee has received the support and co-operation of the Imperial Government Departments, Governments of the various overseas Dominions and Colonies, many of whom have undertaken to supply to the Institute their reports and other documents affecting Empire trade and industry.

The following subjects have engaged the attention of the Committee, and action in regard thereto has been taken in various directions, including formal resolutions which have been forwarded to the President of the Board of Trade and the Secretaries of State for Foreign Affairs and the Colonies, as well as to Dominion Governments, deputations to the Royal Empire Commission, representations to railway and shipping companies, public addresses, distribution of circulars, and in other ways.

British Consular Service.—Largely as a result of the Committee's advocacy, the facilities of the British Consular Service have been extended to the people of Canada and Australia, and will shortly, it is expected, be made available to the people of South Africa, New Zealand, and other parts of the Empire.

Imperial Development Board and Fund.—The Committee has devoted special attention to the subject of bringing about the establishment of some machinery that will be successful in promoting inter-Empire schemes of common interest, particularly those affecting transportation and intercommunications, and has recommended to the Royal Commission on Empire Trade, firstly by a memorial and afterwards through a deputation, the formation of an Imperial Development Board and Fund as the practical means of advancing the common interests of the various parts of the Empire particularly interested. The evidence given orally before the Dominions Royal Commission by representatives of the Committee will be found at pp. 93-108 of "Royal Commission on the Natural Resources, Trade and Legislation of certain portions of His Majesty's Dominions—Minutes of Evidence taken in London during October and November 1912" (Cd. 6517), which was published in the course of last year. At the request of the Royal Commission, the Committee prepared a supplementary memorandum dealing particularly with the existing deficiencies in the Empire's maritime communications, with special reference to freight accommodation, charges on emigrants, and speed of steamship services, and the cost of accelerating them. A note was also submitted on existing deficiencies on telegraphic communications. In the Second Interim Report of the Royal Commission, issued in January last, reference is made to the proposals of this Committee, and it is stated that "The subject in all its bearings is receiving . . . most earnest consideration." The continued interest in the Committee's proposal is shown by another request which has lately been received from the Commission for a further memorandum, on the subject of Canadian freight conditions.

Through Transportation by Sea and Land.—The Committee has continued to emphasize the necessity of establishing a system of through bookings of goods by

sea and land from any one part of the Empire to another. The desirability of bringing the producer into the closest touch with the consumer in overseas markets is an obvious advantage to British trade and, on the other hand, of placing the producer in the Dominions and Colonies in the closest business relations with traders in this country. This can only be done by improving transportation facilities and replacing the present cumbrous system of booking by a simple and direct one such as exists in Germany and the United States.

Uniformity in Empire Statistics.—The Committee has continued to urge the necessity of taking steps to bring about closer uniformity in the methods in use throughout the Empire of collecting, collating, publishing, and printing certain statistics so as to give them common values and to make the figures of one part comparable with another. The Committee has represented that this end would be best achieved by referring the subject to a Conference of Statisticians of the Empire, and it is satisfactory to note that the Second Interim Report of the Dominions Royal Commission already referred to contains a definite recommendation to that effect. The Committee is now considering the best means of convening such a Conference.

Hong-Kong University.—The Committee, at the invitation of the Dean of Faculty of Engineering, co-operated in procuring equipment and subscriptions for this University, and its efforts met with substantial success. On a request being made that a representative of the Institute should be nominated on the London Committee of the University, Mr. Ben H. Morgan, Chairman of the Trade and Industry Committee, was asked by the Council and consented to act.

State-owned Atlantic Cable.—The Committee has continued to urge the establishment of an all-British Atlantic cable, for which proposal the Committee has received expressions of the cordial approval of the Governments of Australia and New Zealand, as well as Canada.

British Trade with India.—Special attention has also been devoted to increasing British export trade to the Indian Empire, and certain recommendations have been made to the Imperial Government with this end in view, and the attention of the Government has been drawn to special efforts that have recently been made by the United States to extend American trade in that market. Amongst other suggestions the Committee has urged the Imperial Government to appoint a Trade Commissioner in India for the purpose of keeping British manufacturers and traders informed from time to time as to the openings of trade, local conditions, and the extent and nature of foreign conditions prevailing.

British Trade with the Crown Colonies.—Somewhat similar reports have been made to the Imperial Government concerning the trade and resources of the Crown Colonies and Dependencies. The foreign proportion of both the import and export trade with these portions of the Empire has enormously increased of recent years and, in addition to urging the appointment of Trade Commissioners to groups of Colonies, the Committee have pressed the Government to issue periodical reports or handbooks detailing the resources and the openings for British capital and enterprise.

The dominant note of the Royal Colonial Institute's work is concisely described in its motto "United Empire." The Trade and Industry Committee exists to foster,

stimulate, and assist British commercial and industrial interests, with special regard to their Imperial aspect as elements and factors of Imperial union. It is, therefore, auxiliary to and not in conflict with other organisations working for the development of British trade interests.

XVII.—CITY LUNCHEONS.

IN connection with the work of the Empire Trade and Industry Committee, the mid-day luncheons in the City, when leading authorities from Overseas contribute interesting addresses on trade and other subjects, continue to prove most successful. They have been largely attended, and the subjects dealt with have proved of considerable interest. The following is a list of guests and the subjects dealt with in 1913 :—

“British Columbia, its Resources and Opportunities.” By W. E. Scott (Deputy Minister of Agriculture, British Columbia).

“New Zealand.” By Arthur M. Myers (Ex-Minister of Finance and Defence, New Zealand).

“The Oil Fields of Canada, with special reference to Alberta.” By E. H. Cunningham Craig, B.A., F.G.S.

“Queensland.” By Hon. Digby F. Denham (Premier of Queensland).

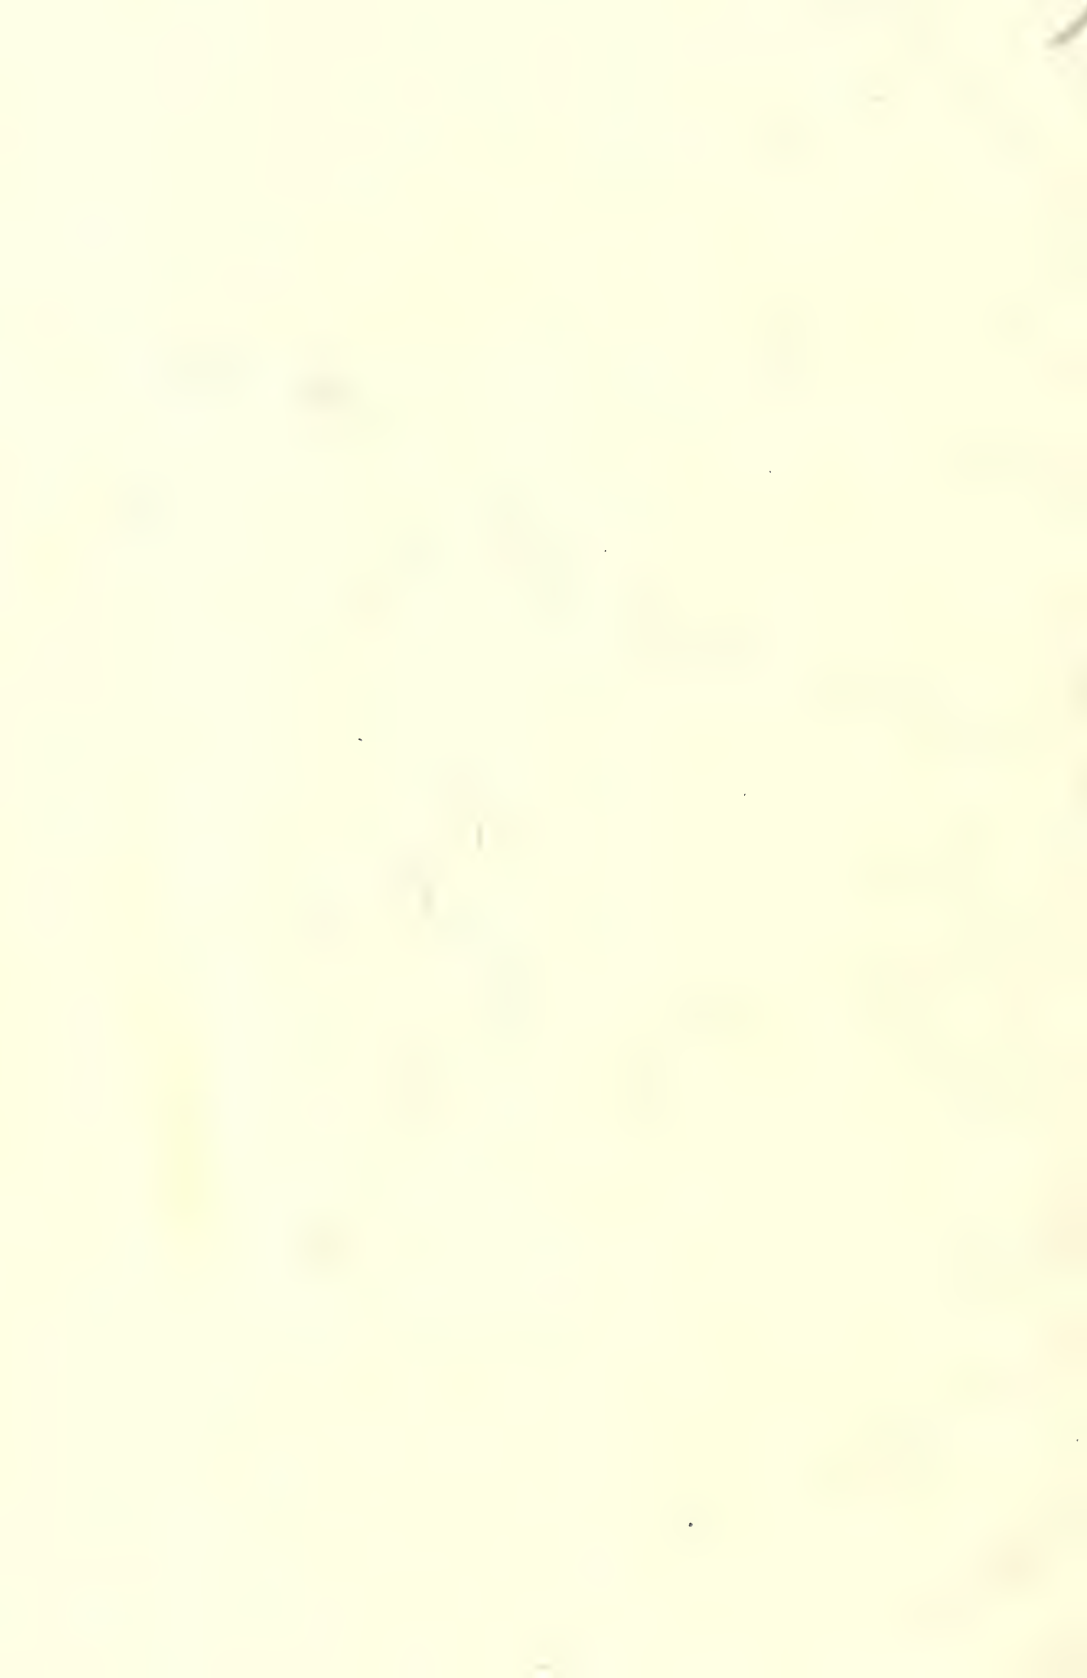

XVIII.—INFORMATION BUREAU.

AN Information Bureau has been organised as a department of the Institute with two distinct purposes in view : namely, to deal with inquiries made personally or by letter to the Institute, and to distribute information concerning the resources and opportunities for trade and enterprise that exist in the Overseas Dominions of the Empire.

Reviewing shortly the first purpose of the Bureau, inquiries will be answered from the information at the disposal of the Institute concerning : (a) The resources and opportunities for trade, enterprise and employment in the Overseas Dominions of the Empire. For this work there will be a distribution to applicants of official pamphlets of the self-governing Dominions, and the publications of Crown Colony Governments, Chambers of Commerce, Boards of Trade Overseas, and such official and semi-official literature. (b) Empire transportation and inter-communication. For this work, circulars, time-tables, and pamphlets will be available for distribution. (c) The facilities and amenities of life in the Mother Country. This branch of the work is for the convenience of Non-Resident Fellows and Associates of the Institute visiting the Mother Country, and will include the giving of practical information (not advice) concerning educational facilities, medical treatment, hotels and such like accommodation, amusements, places of interest to visit, &c. Another part of the work of the Bureau is of a more active and enterprising character. As a result of preliminary steps taken some months ago the Municipalities of the principal cities in the Overseas Dominions have agreed to furnish, from time to time, to the Information Bureau early notification of sanctioned expenditure upon Municipal work, involving contracts within and purchase of material, &c., outside their respective Dominions. The Bureau will undertake to forward such information to those British firms who have previously notified that they are desirous of receiving it.

SMOKING ROOM

XIX.—ANNUAL DINNER AND CONVERSAZIONE.

THE annual dinner is held, as a rule, on May 24 (Empire Day), and is presided over by either the President or one of the Vice-Presidents of the Institute. The Chairmen of the last few years include H.R.H. the Prince of Wales (afterwards H.M. King Edward VII.), H.R.H. the Prince of Wales (now H.M. King George V.); Field-Marshal H.R.H. the Duke of Connaught, H.R.H. the Duke of Cambridge, The Right Hon. Joseph Chamberlain, the Earl of Rosebery, the Duke of Argyll, Lord Northcote, the Earl of Onslow, the Right Hon. Alfred Lyttelton, the Earl of Crewe, Lord Avebury, the Earl of Aberdeen, the Earl of Dunraven, the Earl of Jersey, Earl Grey, Lord Strathcona, and the Earl of Elgin. At these gatherings distinguished men of affairs gather together from all parts of the Empire, and the speeches delivered are valuable additions to the archives of the Institute. Dinners are also held simultaneously in various parts of the World and greetings exchanged. The latter gatherings are organised by the Honorary Corresponding Secretaries.

The annual Conversazione mostly takes place in the month of June, and for the past few years has been held in the Natural History Museum, which has been lent by the Trustees of the British Museum. The guests usually number between two and three thousand.

XX.—STANDING EMIGRATION COMMITTEE.

HIS Grace the Duke of Marlborough, K.G., *Chairman*; William Baker, Esq., M.A., LL.B. (Dr. Barnardo's Homes); Ernest E. Carleton, Esq. (Central Emigration Board); Lieut.-General Sir J. Bevan Edwards, K.C.B., K.C.M.G. (Royal Colonial Institute); Douglas Eyre, Esq. (Children's Farm Homes Association); E. C. Gates, Esq. (Self-Help Emigration Society); Miss Mary K. Grimes (Church Emigration Society); The Hon. Mrs. Norman Grosvenor (Colonial Intelligence League); The Rev. R. L. Gwynne (Kent Colonising Association); Walter Hazell, Esq., J.P. (Central (Unemployed) Body for London); Gordon Inglis, Esq.; G. D. Jefferson, Esq. (Child Emigration Society); P. H. Kerr, Esq. (Settlers' Emigration Society); T. M. Kirkwood, Esq. (British Dominions Emigration Society); Sir Godfrey Lagden, K.C.M.G. (Royal Colonial Institute); Commissioner D. C. Lamb (Salvation Army); F. Morris, Esq. (Charity Organisation Society); Arthur A. Pearson, Esq., C.M.G. (Child Emigration Society); Guy W. Radford, Esq. (South African Colonisation Society); Colonel H. E. Rawson, C.B. (Royal Colonial Institute); The Hon. Lady Talbot (Victoria League); Miss Vernon (British Women's Emigration Association); Miss C. M. Wadge (South African Colonisation Society); W. A. Evans, Esq., M.A. (Public Schools Emigration League), *Hon. Secretary of Standing Emigration Committee*.

The formation of this Committee was the result of a Conference organised by the Royal Colonial Institute and held at the Whitehall Rooms, London, on May 30 and 31, 1910. Delegates from forty-nine emigration societies in the United Kingdom attended the Conference, and the discussions included such subjects as: (1) Diverting, as far as possible, the stream of emigration now directed to foreign countries, to our own Dominions; (2) Emigration generally, from the United Kingdom to the Dominions.

At a subsequent meeting, the representatives of these societies elected ten of their members to serve on the standing committee, and these, with a chairman and five members, were constituted a committee to deal with questions of emigration, and to which other members were afterwards added by the Council of the Institute.

Executive sub-committees were formed to deal with (1) women, (2) single men and families, (3) children, and their reports formed the subject of a letter by the Chairman to the Prime Minister, which was forwarded with the concurrence of the Council. The request was made therein that the subject of emigration should form one of those discussed by the Imperial Conference in 1911, and if this were found impracticable, that it might be referred to a subsidiary conference or to a committee of the Conference. Eventually, in 1912, the Prime Minister appointed the Dominions Royal Commission, and made the subject of migration within the Empire one of its terms of reference, and a deputation from the Standing Emigration Committee appeared before the Commission and gave evidence. It was urged by the deputation that there should be Government control of all emigration agencies and co-operation between the Mother-Country and the Dominions. The large number of orphan, deserted, and neglected children of both sexes, eligible for emigration, now under the control of the guardians, made it most desirable that some settled policy of emigration should be adopted by the Government in order to ensure a better future for the children.

A deputation of the Standing Emigration Committee had also been received by a committee of the Local Government Board, which was inquiring into the employment of children in various industries. The difficulties which the guardians met with in emigrating any of the children under their control, especially in the matter of expense, were put before them, and the Local Government Board was urged to explain the position of the guardians under the several acts, so that they might know what amount could be paid in and about emigration. In consequence, the Council of the Royal Colonial Institute received a letter from the Local Government Board with permission to make its contents public, and in which it was stated that there was no definite limit to the amount which might be expended in and about the emigration of Poor-Law children, but that nothing might be spent upon their maintenance overseas. A number of Boards of Guardians appear, from returns made by the Committee, to be in favour of child emigration, and the Committee will in future endeavour to influence and assist the guardians in this direction.

In July, the Committee interviewed Mr. C. L. Anderson, recently Under-Secretary for Agriculture, New South Wales, and discussed suggestions in reference to the Dreadnought Fund, now in the hands of trustees at Sydney, for the purpose of encouraging British immigration. A Sub-committee considered this scheme, and drew up a report for Mr. Anderson embodying the views to be laid before the trustees.

The Committee was also consulted by Mr. W. H. Hayward, member of the British Columbia Parliament, on the subject of child emigration to that Province, and the ground was laid for closer co-operation between it and the Mother-Country. The question of the emigration of ex-service men was discussed with Mr. Scammell, and the Committee undertook to help on his movement.

The following is a list of some of the subjects recently discussed by the Committee :—

- (a) The statutory limitations as to the expenditure per head on the emigration of children.
- (b) The emigration of ex-service men to Australia.

- (c) Emigration of children to Australia and British Columbia.
- (d) The action of Boards of Guardians as to the success attending the emigration of Poor-Law children.
- (e) The charges on emigrants, and steamship accommodation.
- (f) The contributions made under the National Insurance Act, 1911, by emigrants to Approved Societies in this country, and the transfer value to Colonial Societies.
- (g) The drafting of a scheme for the establishment of a Royal Colonial Institute Bureau of Migration.

The Standing Emigration Committee is consultative and not executive. It aims at co-ordinating the work of all Emigration Societies and is prepared to act in an advisory capacity when matters are referred to it. It looks to some form of co-operation being secured between the Home Government and the Dominions, and it is in a position to approach the different departments of the former in all matters relating to emigration.

XXI.—LODGE OF FREEMASONS.

THE Royal Colonial Institute Lodge No. 3556—membership of which is restricted to Fellows of the Institute—was consecrated by Lord Ampthill at Freemasons' Hall on January 10, 1912, in the presence of some two hundred Founders and their friends. The President of the Institute, Field-Marshal H.R.H. The Duke of Connaught, K.G., G.C.M.G., is the Permanent Master of the Lodge. The Hon. Sir John A. Cockburn, M.D., K.C.M.G., acted in the capacity of Deputy Master for the first year, Col. the Hon. Sir Newton J. Moore, K.C.M.G., for the second year.

The Lodge, which has now a membership of 105, held seven meetings in 1913. At the Installation Meeting, held on January 14, 1914, Mr. F. Faithfull Begg, Chairman of the London Chamber of Commerce, was appointed by His Royal Highness to the chair as Deputy Master in succession to Sir Newton Moore. He appointed as his Officers :—

Col. the Hon. Sir Newton J. Moore, K.C.M.G., *I.P.M.* ; The Hon. J. Greeley Jenkins, *Senior Warden* ; M. S. Runchman, *Junior Warden* ; Ralph S. Bond, *Treasurer* ; Major G. S. Beeching, V.D., *Secretary* ; Col. G. M. Weekley, V.D., *Senior Deacon* ; Major A. J. N. Tremearne, M.A., LL.M., *Junior Deacon* ; T. Boevey Barrett, L.R., *Director of Ceremonies* ; Edward S. Odell, *Assistant Director of Ceremonies* ; T. A. Bayliss, J.P., *Almoner* ; D. F. Tuffill, *Organist* ; Major J. R. Boosé V.D., *Assistant Secretary* ; Arthur Ross, *Inner Guard* ; Alfred Holdsworth, Gilbert Taylor, A. H. Moreing, and Capt. T. A. Glenny, *Stewards* ; Joseph Taylor, *Tyler*.

The Royal Colonial Institute Chapter was consecrated on December 18, 1913, by the *Grand Secretary*, Sir Edward Letchworth, F.S.A., the first Principals being the Hon. Sir John A. Cockburn, M.D., K.C.M.G., Major George S. Beeching, V.D., and Col. the Hon. Sir Newton J. Moore, K.C.M.G. The *Scribe E* is Capt. T. A. Glenny.

The Lodge and Chapter Meetings are both held at Freemasons' Hall. The Lodge on the second Wednesdays in the months of January, March, June, August and October. The Chapter on the first Tuesdays in November, February and May. Correspondence should be addressed to the respective Secretaries at the Institute.

The Secretary read the notice convening the meeting.

The Minutes of the last Annual Meeting were read and confirmed.

THE CHAIRMAN (SIR GODFREY LAGDEN, K.C.M.G.) : The Council propose to send a cablegram to Lord Grey as follows : " The Fellows assembled at the Annual Meeting desire to express best wishes for your recovery and safe return." We should like to feel, as I am sure his Lordship would like to know, that this cablegram is sent at the unanimous desire of the Fellows assembled to-day.

The Meeting signified its assent.

The Annual Report and Statement of Accounts were taken as read :

ANNUAL REPORT.

1. THE Council, in presenting their Forty-fifth Annual Report, are glad to acquaint the Fellows that the progress and expansion which characterised the record of last year have been well maintained.

FELLOWS AND ASSOCIATES.

2. During the year 264 Resident Fellows, 1,540 Non-Resident Fellows, and 546 Associates have been elected, making a total of 2,350, compared with 297 Resident, 1,451 Non-Resident Fellows, and 103 Associates, or a total of 1,851 in 1912. On December 31, 1913, there were 2,138 Resident Fellows, 6,206 Non-Resident Fellows, 730 Associates, and 14 Honorary Fellows, or 9,088 in all, of whom 1,720 have compounded for the annual subscription and qualified as Life Fellows.

For the purpose of making the Institute and its work better known and understood, and of increasing the membership, the Council have, as a tentative measure, appointed Mr. W. H. Garrison, the Official Lecturer, to be a Special Commissioner, to act under direction of a sub-committee.

HONORARY MEMBERSHIP.

3. Twenty-seven Rhodes Scholars have been made Honorary Fellows during their residence at Oxford in place of a similar number, whose privileges have expired on completion of their studies at the University.

Honorary Membership of the Institute, during their stay in the United Kingdom, was extended to the members of the Lawn Tennis Teams from Canada and Australia, and the Canadian and Australian Rifle Teams.

ACCOUNTS.

4. The annexed Statement of Receipts and Payments, duly certified by the auditors, Messrs. Price, Waterhouse & Co., shows that the finances are in a sound and improving condition. The total receipts for the year amounted to £13,268 12s. 4d., of which £11,723 15s. 6d. consisted of Entrance Fees and Subscriptions of Fellows and Associates, showing an increase under this heading for the year of £1,767 2s. 6d.

The net expenditure for the year, after deducting £28 1s. 8d. cost of new furniture and also £349 15s. receipts from the Annual Dinner and Conversazione, was £12,979 11s. 2d., as compared with £9,981 17s. 8d. for the previous year.

In the last Annual Report the Council announced that the sum of £250 had been set aside during the year 1911 for the purpose of re-establishing a Reserve Fund, and they now have the satisfaction of reporting that at 31st December last that fund amounted to £1,250, the basis of allocation being a proportion of the compounded subscriptions of Life Fellows.

COMPARATIVE STATEMENT OF ELECTIONS AND REVENUE.

5. The following Table shows the number of Fellows and Associates and the Annual Income in each year since the foundation of the Institute :

Date.	Number of Fellows and Associates.*	Annual income (exclusive of Building and Conversazione Funds, but inclusive of Life Compositions and Entrance Fees).

ASSOCIATES.—Agnes Lady Brocklebank, E. B. Colthurst, Lady Knightley of Fawsley, Her Grace the Duchess of Northumberland.

It is fitting to record, in regard to the loss of Sir Frederick Young, the Council's sense of his unique services to the Institute. As an original Fellow and Founder, he was conspicuous for his intense desire to build up an Institute worthy of the aims which characterise it. Always closely identified with its career, he acted for many years as Honorary Secretary, and up to the end of a great life gave of his best to the Imperial cause which stirred him as one of its earliest votaries.

ELECTION OF VICE-PRESIDENTS AND COUNCILLORS.

7. A vacancy on the Council occasioned by the death of the Right Hon. Sir Walter Hely-Hutchinson, G.C.M.G., has been filled, under the provisions of Rule 6, by the *ad interim* appointment, subject to the confirmation of the Fellows, of Sir Ernest Birch, K.C.M.G.

The following Vice-Presidents have been appointed during the year, under the provisions of Rule 6, and are subject to confirmation by the Fellows:—Sir David Hunter, K.C.M.G., the Right Hon. the Earl of Meath, K.P., the Right Hon. Sir Charles Tupper, Bart., G.C.M.G., C.B., Lord de Villiers, K.C.M.G., and Sir Gilbert Parker, M.P.

In the absence of any nominations by the Fellows the Council, in accordance with Rule 65, submit a list of Fellows nominated to fill the vacancies in the offices of Vice-Presidents, Treasurer, and Councillors.

The following retire, pursuant to Rule 7, and are eligible to be nominated for re-election:—

Vice-Presidents.—H.R.H. Prince Christian, K.G., G.C.V.O., Right Hon. the Earl of Elgin, K.G., G.C.S.I., G.C.I.E., Field-Marshal Earl Roberts, V.C., K.G., O.M., G.C.M.G., Right Hon. the Earl of Dunraven, K.P., C.M.G., Right Hon. Sir George Taubman Goldie, K.C.M.G., Right Hon. Sir George Reid, G.C.M.G., Right Hon. Sir Cecil Clementi Smith, G.C.M.G., Hon. Sir William Hall Jones, K.C.M.G., Sir Nevile Lubbock, K.C.M.G., Colonel George T. Denison.

Honorary Treasurer.—Mr. Robert Littlejohn.

The following Councillors retire, pursuant to Rule 7, and are not eligible for re-election this year:—Mr. J. G. Colmer, C.M.G.; Viscount Hythe; Sir E. Montague Nelson, K.C.M.G.

The following are nominated by the Council to fill the above vacancies:—Mr. Harry Brittain, Lord Chelmsford, G.C.M.G., and Colonel H. E. Rawson, C.B.

ENTERTAINMENTS.

8. The Annual *Conversazione* was held in the Natural History Museum, by the permission of the Trustees of the British Museum, on June 24, and was attended by a large number of guests from all parts of the British Empire.

The Annual Dinner was held at the Whitehall Rooms, Hôtel Métropole, on Friday, May 23, and was attended by a large and representative company. Cables conveying greetings were read from similar gatherings, arranged alphabetically, held in Bahamas, Barbados, Brisbane, Buenos Ayres, Canterbury (New Zealand), Carnarvon (Cape Province), Ceylon, Durban, Falkland Islands, Guatemala, Melbourne, Pretoria, Seychelles, Sydney, Toronto, and Trinidad. The Council view with much satisfaction the great increase in the number of such gatherings of Fellows on Empire Day, and trusts they may be the means of strengthening the sense of Fellowship amongst British subjects throughout the world. Among the toasts at the dinner in London, that of "The British Dominions and British Communities Overseas" was submitted for the first time, thus showing that it is not only with British subjects within the Empire, but wherever they may be found, that the Royal Colonial Institute is concerned.

A party, mainly composed of Canadian school teachers, known as members of the "Hands across the Seas" Association, were invited to be the guests of the Institute during their visit to London in August last. They inspected the Institute building and the work being carried on there was fully explained.

MEETINGS.

9. The Evening and Afternoon Meetings of the Institute have been largely attended and the following Papers read and discussed and circulated in the monthly journal, UNITED EMPIRE :

"Northern Nigeria as I Saw it." By J. Astley Cooper.

"Some Less-known Islands in the Pacific." By Sir Everard im Thurn, K.C.M.G., C.B.

"German Colonial Policy." By Professor M. Bonn (of Munich University).

"Zanzibar and its Possibilities." By A. R. Galbraith.

Christmas Lectures for Young People.

"Beautiful British Columbia." By Mrs. Charles Henshaw, F.R.G.S.

"The Romance of India." By W. H. Garrison, F.R.G.S.

"How British Boys and Girls are Helped to Find Canadian Homes." By W. W. Hind-Smith, F.R.G.S.

LIBRARY.

10. The additions to the Library during the year numbered 3,794 books, 2,133 pamphlets, 382 maps, and 257 photographs, making a total of 6,566. These figures do not include the large number of special Parliamentary Reports that are subsequently received in bound form, separate parts of monthly periodicals, or proceedings of societies. It will be seen that they represent an increase of 1,842 items, compared with the number added in 1912. Of these additions 4,714 were presented by their authors, by publishers, by learned societies, by the Imperial, Dominion, Colonial, and Indian Governments, and by private individuals ; while 1,852 were added by purchase. On December 31, 1913, the Library contained 95,934 books and pamphlets. The newspapers and magazines received at the Library, the majority of which are presented by their publishers, now number 848, an increase of 141, and during the year 82,360 separate parts were filed. The practice of subsequently sending Colonial newspapers to the British Museum, where they are kept for permanent reference, has been continued. The

work of cataloguing the additions to the Library has been specially arduous, and for some time it has been apparent that the rapid increase of books has rendered the task of keeping the catalogue up to date extremely difficult. Steps are now being taken to ensure the cataloguing of all additions to the Library. About 15,000 cards have been written during the year, the number since the commencement of the card-catalogue in April, 1910, being about 59,000. The value of the card-catalogue has now been fully established. It forms an indispensable aid to the staff, as well as being of the greatest service to those who make use of the Library.

The number of Fellows and others using the Library shows a steady increase—a fact gratifying to the Council and to those who have charge of the collections of books. Students of law, economics, ethnology, and administration have found the Library of great service, and its resources have been placed at the disposal of all *bona fide* inquirers desiring information about the various parts of the British Empire. The special Law Library has been strengthened by the addition of many valuable treatises and law reports, and now forms a most important feature of the Institute. The papers in connection with the cases determined before the Judicial Committee of the Privy Council are now regularly received in the Library, through the courtesy of the Clerk of the Council, and form a complete record of appeals during the year. Another section of the Library which is becoming increasingly useful is that which contains the reports issued by the different Overseas municipalities. The special section of the Library dealing with the Colonial period of American history, which was first started during the year 1911, has received some notable donations from the various American historical societies, including sets of proceedings from the Ohio State Historical Society, the Michigan Historical Commission, the New Haven Colony Historical Society, the Wisconsin Historical Society, and the South Dakota Historical Society. These are in addition to the Transactions of the American Historical Association, the New York Historical Society, and Proceedings of other societies which were already being received. There can be no doubt that this section of the Library will prove of the greatest benefit to historical students, who find it difficult to obtain access in London to such publications. The Council are grateful for the support accorded to the Library by the different Overseas Governments, by the American and other foreign Governments, and by various Government departments in this country.

In particular they desire to call attention to the action of the War Office in presenting a series of valuable maps, and to the courtesy of the Admiralty in continuing to supply the official charts. The collection of maps in the Institute is now a large one, and it is hoped that at a not distant date some better provision may be made for their display than at present exists. The Council are also indebted to publishers who have sent books for review in *UNITED EMPIRE*; to learned societies; to the authorities of museums, to libraries, and similar institutions who have sent their Transactions; to the proprietors of newspapers; and to a large number of private donors.

In August the Council were gratified by the reception of a letter from Mr. C. Delaval Cobham, C.M.G., announcing that he intended to make an immediate donation of his unique collection of books relating to Cyprus to the Library of the Institute. This valuable collection has been placed in a special section of the Library, and is now available for the use of Fellows and others who may be interested in Cyprus. It consists of over 700 books and pamphlets, and includes practically everything of historical interest relating to Cyprus that has been printed. The Council wish to express their thanks to Mr. Cobham for so generously placing his collection in the Library of the

Institute, and they trust that his action will encourage others who may possess special collections of books to emulate his example.

BRISTOL BRANCH.

11. Owing to the activity and influence of Mr. T. J. Lennard, ex-Sheriff of Bristol, a Branch of the Institute has been formed in that City. Mr. Lennard presented the freehold of a site in the City, and has also undertaken to bear the expense of erecting a suitable building. In the absence through illness of Earl Grey and Lient.-General Sir J. Bevan Edwards, Sir Godfrey Lagden represented the Institute at a Banquet given by Mr. Lennard in Bristol, when the gift was dedicated to the Institute, and at the same time the Charter of Constitution was conferred in the form of a framed resolution of the Council. Mr. Lennard's gift was made in support of Earl Grey's hope for a large extension of the membership of the Institute in the United Kingdom, and with the desire that Bristol should be the chief centre of the Institute in the West of England. The Council deeply appreciate the generosity and public spirit of Mr. Lennard, and the services that he and those associated with him have rendered in establishing the pioneer Branch of the Institute in the United Kingdom.

LOCAL COMMITTEES IN THE UNITED KINGDOM.

12. A Local Committee of Fellows and Associates has been formed in Bournemouth and neighbourhood. Sir Daniel Morris, K.C.M.G., has accepted the position of Chairman, and the Rev. Dr. Tristram Carlyon that of Honorary Secretary. The Council are hopeful that local activity may be developed by the formation of similar Committees in other parts of the United Kingdom.

BRANCHES AND COMMITTEES OVERSEAS.

13. In October last a Branch of the Institute was established in Christchurch, New Zealand, and was styled "The Canterbury Branch of the Royal Colonial Institute." Its members consist of all the Fellows resident in Canterbury, and the headquarters are in Christchurch. An Executive Committee has been appointed, and a supplementary subscription of 5s. per Fellow was decided upon to defray local expenses.

At a meeting held in Hobart in November last it was resolved that the Fellows of the Institute resident in Tasmania organise themselves into a Tasmanian Branch of the Institute, and that the honorary corresponding secretaries in the other capitals of the Commonwealth be urged to effect similar organisations in their respective States, with a view to the creation of a united Commonwealth section of the Institute.

An influential Committee has also been formed in Buenos Aires (Argentine Republic), where there are already between 200 and 300 Fellows.

A successful Branch with a strong Committee has also been established in Guatemala, Central America, where it is intended by the local Fellows to purchase a small house; to have a quarterly Dinner, with speakers upon Imperial matters; to have weekly "City Luncheons"; and to form a Trade Committee. It has also been decided to establish a voluntary monthly assessment for the purpose of creating a fund for local expenses.

The Council view with deep satisfaction the spirit of such spontaneous movements, which are invaluable as a means of bringing Fellows in distant climes into friendly association and inspiring activities calculated to make known and propagate the work and aims of the Institute.

RELATIONS WITH OTHER SOCIETIES.

14. Practical steps have been taken to effect co-operation between the Royal Colonial Institute and the Victoria League. A joint Standing Committee, composed of an equal number of representatives of each body, has accordingly been formed, and meets periodically to exchange information, and confer with regard to the work of the Institute and of the League respectively. Notices of lectures given by each Society are circulated to members of the other, and the corresponding Secretaries of the Royal Colonial Institute and the Secretaries of the Victoria League in all parts of the Empire have been invited to co-operate in this and in any other way that may seem desirable.

The Executive of the National Council of Women of Canada have co-operated with the Institute in diffusing a wider knowledge of the aims and objects of the Institute among its members, and urging them to further the Institute's work in each district.

OFFICIAL LECTURES.

15. The Official Lecturer, Mr. Herbert Garrison, has delivered nearly 300 illustrated lectures under the auspices of the Institute, not only in the London area but throughout the country. The audiences have ranged in number from 200 to 3,000, and have varied in character from those composed of coal miners to those provided by the highest-class colleges and schools, and by learned societies. The lectures have been everywhere most cordially received. Many letters from prominent men have been received expressing approval of this work. The Council wish to convey their thanks to the Fellows, Associates, and others who have helped to promote these lectures, and trust that the work may be extended still further, and that all who can render assistance in this direction—either by organising or by contributions to the Empire Lectures Fund—will do so.

“UNITED EMPIRE.”

16. The Journal, UNITED EMPIRE, which has been issued since January 1, 1910, continues, under the editorship of Mr. Archibald R. Colquhoun, to maintain its growing reputation as a review of the field of Imperial activities. Besides other changes made from time to time, a great improvement has been effected since January 1, 1913, by the use of thicker paper, the adoption of clearer type, and the printing of illustrations on half-tone art paper. The contents comprise the Papers read at the meetings of the Institute; articles by well-known writers on Imperial questions; Editorial Notes and Comments; Round the Empire Notes (supplementary to the Editorial Notes); Reviews and Book Notices; Empire Trade and Industry. Great importance continues to be attached to the Editorial Notes, which aim at giving, in brief, a monthly Empire survey. Many Fellows have expressed a hope that this feature may be further developed. The Journal is sent to every Fellow and Associate of the Institute, as well as to the leading societies, institutions, and clubs throughout the Empire, and even beyond it, where British communities exist. The yearly volume averages about a thousand pages, and an index is supplied to all Fellows who apply for it, and also to some six hundred societies and institutions. The thanks of the Council are again due to those who have given their assistance by gratuitous contributions, many of them by men whose names are distinguished throughout the Empire.

Report of the Forty-Sixth Annual General Meeting.

THE WORK OF THE TRADE AND INDUSTRY COMMITTEE.

17. The Empire Trade and Industry Committee has continued its useful work during the past year, and amongst other matters attention has been given to the following :—

Empire Development Board and Fund.—The evidence given orally before the Dominions Royal Commission by representatives of the Committee will be found at pp. 93—108 of “ Royal Commission on the Natural Resources, Trade and Legislation of certain portions of His Majesty’s Dominions—Minutes of Evidence taken in London during October and November, 1912 ” (Cd. 6517), which was published in the course of last year. At the request of the Royal Commission, the Committee prepared a supplementary memorandum dealing particularly with the existing deficiencies in the Empire’s maritime communications, with special reference to freight accommodation, charges on emigrants, and speed of steamship services, and the cost of accelerating them. A note was also submitted on existing deficiencies on telegraphic communications. In the Second Interim Report of the Royal Commission, issued in January last, reference is made to the proposals of this Committee, and it is stated that “ The subject in all its bearings is receiving . . . most earnest consideration.” The continued interest in the Committee’s proposal is shown by another request which has lately been received from the Commission for a further memorandum, on the subject of Canadian freight conditions.

Uniformity in Empire Statistics.—The Committee has been urging the necessity of taking steps to bring about closer uniformity in the methods in use throughout the Empire of collecting, collating, publishing, and printing certain statistics so as to give them common values and to make the figures of one part comparable with another. The Committee has represented that this end would be best achieved by referring the subject to a Conference of Statisticians of the Empire, and it is satisfactory to note that the Second Interim Report of the Dominions Royal Commission already referred to contains a definite recommendation to that effect. The Committee is now considering the best means of convening such a Conference.

Hong-Kong University.—Reference was made in the last Annual Report to the request received from the Dean of Faculty of Engineering for co-operation in procuring equipment and subscriptions for this University. The Committee agreed to assist, and its efforts met with substantial success. On a request being made that a representative of the Institute should be nominated on the London Committee of the University, Mr. Ben H. Morgan, Chairman of the Trade and Industry Committee, was asked by the Council and consented to act.

State-owned Atlantic Cable.—The Committee has continued to urge the establishment of an all-British Atlantic cable, for which proposal the Committee has received expressions of the cordial approval of the Governments of Australia and New Zealand, as well as Canada.

British Trade with India and the Crown Colonies.—The Committee has continued to press on the attention of the Board of Trade the necessity of appointing permanent Trade Commissioners in those territories to report to British manufacturers and traders on the state of, and openings for, British trade there. The Committee consider that the present anomalous position of British trade with these territories would be improved if the markets and trading conditions were properly investigated and reported upon.

The following gentlemen have been appointed to the Committee as additional members: W. M. Botsford, Esq., The Hon. J. G. Jenkins, and Joseph Rippon, Esq.

CITY LUNCHEONS.

18. In connection with the work of the Empire Trade and Industry Committee, the mid-day luncheons in the City, when leading authorities from Overseas contribute interesting addresses on trade and other subjects, have proved most successful. They have been largely attended, and the subjects dealt with have proved of considerable interest. The following is a list of guests and the subjects dealt with:—

Jan. 16.—J. S. Dennis (Assistant to the President of the Canadian Pacific Railway) on “Land Settlement within the Empire.”

Feb. 13.—Colonel Hon. James Allen (Minister of Finance and Defence, New Zealand) on “New Zealand and its Mission in the Pacific.”

Mar. 4.—Hon. John Scaddan (Premier of Western Australia) on “The State of Western Australia.”

Mar. 13.—C. Sandbach Parker on “The Development of British Guiana.”

April 2.—Hon. W. A. Watt (Premier of Victoria) on “The State of Victoria.”

April 10.—Hon. A. H. Peake (Premier of South Australia) on “The State of South Australia.”

April 17.—Hon. Sir Lomer Gouin (Premier of Quebec) on “The Province of Quebec.”

June 9.—Sir B. Edmund Walker, C.V.O., LL.D., D.C.L. (President of the Canadian Bank of Commerce), on “Canadian Affairs.”

Dec. 18.—W. E. Scott (Deputy-Minister of Agriculture, British Columbia) on “British Columbia: its Resources and Opportunities.”

Dec. 22.—Arthur M. Myers (Ex-Minister of Finance and Defence, New Zealand) on “New Zealand.”

INFORMATION BUREAU.

19. An Information Bureau has been organised as a department of the Institute with two distinct purposes in view: namely, to deal with inquiries made personally or by letter to the Institute, and to distribute information concerning the resources and opportunities for trade and enterprise that exist in the Overseas Dominions of the Empire.

Reviewing shortly the first purpose of the Bureau, inquiries will be answered from the information at the disposal of the Institute concerning: (a) The resources and opportunities for trade, enterprise and employment in the Overseas Dominions of the Empire. For this work there will be a distribution to applicants of official pamphlets of the self-governing Dominions, and the publications of Crown Colony Governments, Chambers of Commerce, Boards of Trade Overseas, and such official and semi-official literature. (b) Empire transportation and inter-communication. For this work, circulars, time-tables, and pamphlets will be available for distribution. (c) The facilities and amenities of life in the Mother Country. This branch of the work is for the convenience of Non-Resident Fellows and Associates of the Institute visiting the Mother Country, and will include the giving of practical information (not advice) concerning educational facilities, medical treatment, hotels and such like accommodation, amusements, places of interest to visit, &c. Another part of the work of the Bureau is of a more active and enterprising character. As a result of preliminary steps taken some

months ago the Municipalities of the principal cities in the Overseas Dominions have agreed to furnish, from time to time, to the Information Bureau early notification of sanctioned expenditure upon Municipal work, involving contracts within and purchase of material, &c., outside their respective Dominions. The Bureau will undertake to forward such information to those British firms who have previously notified that they are desirous of receiving it.

TITLE OF THE INSTITUTE.

20. For some time past the opinion has been urged by a considerable number of the Fellows that, however fit the title of "Royal Colonial Institute" was at the foundation in 1868, that title is no longer thoroughly appropriate either to the self-governing Dominions or to India. The word "Colonial," it is urged, as applied to the Institute does not adequately express its aims and functions under existing conditions, and does not embrace the various British communities in foreign countries, where large numbers of Fellows now reside. Several titles have been suggested from time to time as being more likely to meet the new conditions and to express more comprehensively the objects of the Institute. The Council have therefore resolved to propose to the Fellows that the title be changed from "Royal Colonial Institute" to "Royal Britannic Institute." The word "Britannic" is adopted from the title of His Britannic Majesty, and is, in the opinion of the Council, the most appropriate term hitherto suggested for a Society which is concerned with the interests of His Majesty's subjects, not only in all parts of the Empire, but in foreign countries as well.

EMIGRATION.

21. The Standing Committee on Emigration has devoted its attention primarily to obtaining closer co-operation between the Home and Dominion Governments, and to securing the interest of Boards of Guardians in the emigration of children under their control, to the mutual benefit of the children themselves, the ratepayer, and the Empire at large. A large number of Boards appear from the returns of the Local Government Board not to adopt this method of assuring a future for the children, and the Committee ascertained and communicated to them the views of those Boards which had done so. The latter were unanimously in its favour, and now that the Committee has succeeded in obtaining from the Local Government Board a pronouncement regarding the statutory limitations controlling the expenditure per head on the emigration of children, it is hoped that Guardians will make more use of the powers they possess. A deputation from the Standing Committee appeared before the Committee of Poor Law Conferences at the Guildhall in February 1913 to press this matter upon their attention, and was favourably received. A decision was reached to bring the subject of emigration of children before each of their centres during the year.

In July the Committee was enabled to meet Mr. C. L. Anderson, recently Under-Secretary for Agriculture, New South Wales, to discuss suggestions in reference to the Dreadnought Fund, now in the hands of Trustees at Sydney, for the purpose of encouraging British immigrants. The Trustees of the Dreadnought Fund offered to contribute towards the passage money of approved lads, and also to pay the school fee of £5 for the first year. Lads between the ages of 16 and 20 may obtain passages to New South Wales for £8, with free training in agriculture for twelve months, with remunerative employment to follow. The interchange of views that took place should conduce to a wise use being made of this munificent gift to Imperial migration, and a Sub-Committee

drew up a report for Mr. Anderson embodying the suggestions to be laid before the Trustees.

The Committee was also consulted by Mr. W. H. Hayward, Member of the British Columbia Parliament, who was in England during October, on the subject of child-emigration to that Province, and the grounds were laid for closer co-operation between the Mother Country and that very desirable home for children.

The Council in its Report for 1912 alluded with satisfaction to the appointment of the Dominions Royal Commission, and to the inclusion among its points of reference of the subject of migration within the Empire. A deputation from the Standing Committee which appeared before it tendered evidence on the migration of single men and families, of single women, and of children, and amplified the views which the Committee holds upon the subject generally and upon its control by some regular authority. A definite scheme for closer co-operation between the Mother Country and the Australian States was handed in, and it is gratifying to find that the Royal Commission in its interim Report expresses views which accord with those put forward by the Standing Committee. Australia and New Zealand are regarded as likely to afford a satisfactory solution at no great cost of the important problem of finding suitable work for youths whose environment in the Mother Country does not readily lend itself to a profitable career. It should not be difficult to devise a scheme of co-operation, and if the problem is attacked broadly and Imperially it should not be beyond the resources of statesmanship to establish a system of equal benefit to both. It is upon these lines that the work of the Standing Committee during the past year has proceeded not only with regard to Australia but to other parts of the Empire as well.

GOLD MEDAL FOR SCIENTIFIC ENQUIRY.

22. In order to encourage scientific enquiry into Imperial problems, the Council have offered a Gold Medal for the best Research Monograph on some subject bearing directly upon the practical problem of the closer and permanent union of the Empire. A grant of One Hundred Guineas goes with the Medal, together with Honorary Life Fellowship of the Institute. The opportunity is open to British subjects in all parts of the world. The subject for the first Monograph was "The interaction, if any, between the economic interests of a State and its foreign relations, with special reference to the question whether, or how far, the self-governing States of the British Empire (with or without a more centralised system of governing than it now has) could co-operate permanently for the purpose of defence without co-operating for the purpose also of trade." Eleven Monographs have been received. The thanks of the Council are due to Viscount Milner, G.C.B., G.C.M.G., Sir Charles Lucas, K.C.B., K.C.M.G., and Sir Harry Wilson, K.C.M.G., for having consented to act as judges. The result will be announced as soon as possible.

ESSAY COMPETITION.

23. With a view to stimulating amongst the rising generation an interest in the history, institutions, and resources of the various countries which constitute the Empire, the Council have offered prizes to young men and women undergoing education in the universities and schools of the United Kingdom for essays on subjects of Imperial concern. The subject selected for the Competition for 1913 was "The Meaning of British Imperialism." Thirteen essays were received from universities and twenty-six from various schools. The prize winners in the University Section are Mr. T. G.

Lockhart, of Oxford University, and Mr. Howard Booth, of Sheffield University, who are bracketed together for the first prize of £20. The prizes for schools have been won by R. S. T. Chorley, Kendal Grammar School, £20; A. L. Selles, King Edward VII. School, Sheffield, £10; and certificates have been awarded to A. S. Grigson, Bradford Grammar School; W. T. Davies, Liverpool Institute School; G. W. Lowe, Grammar School, Newport, Salop; and F. E. Wilson, Cooper's Company's School, Bow. In order to widen the area of competition, it has been decided that the next one shall be open to students of universities and schools in all parts of the Empire.

NATURALISATION REFORM.

24. A political question which has engaged the attention of the Council is that of the reform of the laws of naturalisation, governing the admission of aliens to the status of British subjects. After a negotiation of nearly ten years' duration between the British and Dominion Governments, an agreement was reached at the Imperial Conference in 1911. In accordance therewith a Bill was prepared for the British Parliament, with the twofold object of reforming the naturalisation law of the United Kingdom and of enabling the Dominion Parliaments to pass naturalisation laws which, if they embodied similar conditions, would have an extra-territorial effect, so that aliens naturalised thereunder would be British subjects throughout the world, instead of within the particular Dominion or Colony only; other existing anomalies would also be rectified. The details of this Bill were not finally settled until last summer. The Council then resolved to endeavour to promote the speedy passage of the agreed legislation at Westminster, and afterwards the passage of the complementary legislation which would be required in each Dominion, Colony, and India to complete this important reform. It is the earnest hope of the Council that this long-delayed reform may be completed before the Imperial Conference meets again this year.

OFFICIAL VISITS OVERSEAS.

25. Official visits have been made on behalf of the Institute during the past year by Mr. Archibald R. Colquhoun, the Editor of UNITED EMPIRE, to South America; by Lieut. R. B. Ward, R.N., to Germany, Holland, and Belgium; and by the Secretary to South Africa. Mr. Colquhoun made a tour from Panama, down the Pacific Coast, visiting Peru and Chile, and crossing by the Trans-Andes Railway to Buenos Aires (where he addressed meetings on behalf of the Institute); and thence home, *via* Santos and Rio Janeiro. The thanks of the Council were conveyed to Mr. Colquhoun for his work, which has borne fruit.

Lieut. Ward visited the Continent of Europe for the purpose of bringing to the notice of British subjects resident there the aims and objects of the Institute and its work. The Council much appreciate the work so ably carried out by him.

The Secretary's tour extended from Cape Town to Livingstone, during which he visited the Cape, Natal, Orange Free State, and Transvaal Provinces, Bechuanaland, and Northern and Southern Rhodesia. Mr. Boosé acquitted himself well of the task. Besides securing a large number of Fellows, he addressed twenty meetings in the principal cities, and formed Committees of Fellows for promoting local activity. The results of these personal visits to various parts of the world have proved of great advantage. The Council are hopeful of promoting in the near future an official visit to Australasia.

HALIFAX MEMORIAL TOWER.

26. In the last Annual Report it was stated that the Fellows of the Institute were presenting a pair of bronze lions to the City of Halifax to be placed at the base of the Tower, which has been erected there to commemorate the grant of representative government to the Overseas Dominions. These have now been completed and forwarded to the Mayor of Halifax as a gift from the Fellows of the Institute to that city, where it is intended to publicly unveil them on May 22 next. The names of the subscribers to this gift have been inscribed in an album, to be permanently preserved in the Memorial Tower itself.

BADGES FOR FELLOWS AND ASSOCIATES.

27. A Badge of Fellowship and also of Associateship of the Institute has been adopted by the Council, representing the crest of the Institute in gold and enamel for Fellows, and silver and enamel for Associates. Information as to terms on which these badges can be obtained will be found in UNITED EMPIRE.

DOMINIONS HOUSE.

28. Being in sympathy with the spirit of the scheme, the Council subscribed a sum of £250 as a contribution to the fund raised by Earl Grey for securing an option on the Aldwych site.

HONORARY CORRESPONDING SECRETARIES.

29. The Council are much indebted to the Honorary Corresponding Secretaries for their continued efforts on behalf of the Institute in their respective centres. The work performed by these gentlemen has led to a considerable increase in the number of Fellows in all parts of the world, and the Council deeply appreciate their valuable help.

FREEMASONRY.

30. The Royal Colonial Institute Lodge has now a membership of 100. The Hon. Sir Newton J. Moore, K.C.M.G., was appointed Deputy-Master for the year 1913. A chapter of Royal Arch Masons has been formed, and was consecrated by Sir Edward Letchworth on December 18. The first Principals are the Hon. Sir John A Cockburn, M.D., K.C.M.G., Major G. S. Beeching, V.D., and the Hon. Sir. Newton J. Moore, K.C.M.G.

MEETINGS OF SOCIETIES.

31. The Institute has afforded facilities for the meetings in the building of the Australian Section of the Institute, British Women's Emigration Association, Child Emigration Society, Colonial Nursing Association, and the Overseas Club.

ASSISTANT SECRETARY.

32. In view of the increase in the Administrative Work of the Institute, the Council have approved the appointment of an Assistant Secretary, and elected Mr. J. H. Robertson, M.A., F.F.A., for the office.

CHAIRMAN OF THE COUNCIL.

33. Lieut.-General Sir J. Bevan Edwards, K.C.B., K.C.M.G., was again elected Chairman of the Council for the year 1913-14, and Sir Godfrey Lagden, K.C.M.G., Deputy Chairman. Their colleagues desire to express their appreciation of the services they have rendered.

CONCLUSION.

34. In conclusion, the Council desire to express their appreciation of the help and encouragement received from members of every degree and to record their opinion that the Institute is in a sound and progressive condition.

By order of the Council,

J. BEVAN EDWARDS,
Chairman.
JAMES R. BOOSÉ,
Secretary.

26th February, 1914.

ROBERT LITTLEJOHN,
Hon. Treasurer.

We have examined the foregoing accounts with the books, vouchers, and other records of the Institute, and find the same to agree therewith.

The Deeds of the freehold property have been inspected by us.

PRICE, WATERHOUSE & CO.,
Chartered Accountants.

THE CHAIRMAN : I am extremely sorry to say that the honoured Chairman of the Council has been taken ill and is unable to attend, and so I am suddenly called upon to take the Chair. My first duty is to move the adoption of the Report and Statement of Accounts, omitting for the time being par. 20 which will form the subject of a special resolution. In performing this duty last year under similar circumstances, I gave an address, but on this occasion I have received from Sir J. Bevan Edwards the notes of the speech which he had intended to make, and with your leave I will read them to you.

"The Report gives very fully the work of the Institute last year, so I do not propose to take up your time in going through the different subjects ; but will confine my remarks rather to the work that is before us in the immediate future than to that which has been accomplished last year.

"A perusal of the Report shows that it has been, both as regards the increase of members and of income, the most successful year in the life of the Institute. 2,350 Fellows and Associates have been elected, against 1,851 in 1912 ; and the income has been £12,918 as compared with £11,217 for 1912.

"Turning to the Statement of Receipts and Payments, the net expenditure for the year was £12,979 11s. 2d., as compared with £9,981 17s. 8d. for 1912 ; and, notwithstanding this large increase in expenditure, the Institute commenced the present year with a balance of £1,812 6s. 8d.—including £1,000 added to the Reserve Fund which now amounts to £1,250.

"With reference to the question of expenditure, there has been an increase in nearly every item, chiefly due to the expansion of our work and the large increase of Fellows.

"The Accounts show that, under the headings of Salaries, Pensions, Wages, Entertainments, and Auditing, the payments were nearly the same as in 1912. On the other hand, postages have increased by £390 12s. 5d. ; the Journal by £798 11s. 6d. ; Year Book by £273 10s. 4d. ; Furniture and Building Renewals and Repairs by £218 16s. 1d. ; and Lecturing Department by £292.

"Then under the heading of 'Recruiting' should be placed five items which are now given separately, viz., £304 13s. 9d., being payments to Mr. Garrison on account of recruiting Fellows and Associates, £292 10s. for the Secretary's visit to South Africa, £131 10s. 2d. for Mr. Colquhoun's visit to South America, £50 to Lieutenant R. B. Ward's expenses of his tour in parts of Europe, and £30 0s. 4d. for the expenses connected with the formation of Local Committees. The total of these five is £808 14s. 3d. ; but to compare the expenditure under this item in 1912, we must deduct the cost of the Secretary's tour to Canada in that year, viz., £218 10s., making the actual increase under this heading for 1913 £590 4s. 3d.

"Then we have extraordinary and unforeseen expenditure in this year's accounts, amounting to £429 8s. 6d.

"If we turn to the Balance Sheet, you will see the soundness of our financial position. Our only liabilities are £1,187 14s. 5d., due to outstanding accounts ; and, on the other side, our Assets amounting to £72,107 4s. 8d., showing a Balance in favour of Assets of £70,919 10s. 3d.

"Now I should like to say a few words on the subject of the expenditure of £808 14s. 3d., which I have already mentioned above under the head of 'Recruiting.' This sum represents the amount expended during the year in obtaining new members over and above those proposed by our Corresponding Secretaries or by other Fellows of the Institute. It is not possible to state the exact number obtained from this source ; but Mr. Garrison proposed 361, Mr. Colquhoun 36, and the Secretary, who is always recruiting, was responsible for 240 as a result of his visit to South Africa. Both the

Secretary and Mr. Colquhoun sowed seed which must bear fruit in the future, and have good result. However, taking the actual number of those already stated, amounting to 637, the expenditure under this head will be well repaid ; because there is not only the immediate receipt of the first year's subscription and entrance fees—amounting to at least £1,600—but there is the addition to the annual income of the Institute in future years.

“To show the effect of the Secretary's visit to South Africa last year, the total number of Fellows there in 1911 was 929. In 1912 it increased to 1,059 ; and in 1913 it amounted to 1,689, a substantial gain of 760 members.

“In 1912 the Secretary visited Canada, and the number of Fellows resident there has increased from 342 in 1911 to 1,200 at the end of 1913. We do not claim that the whole of this increase of 858 members in Canada was due to the Secretary's visit, because our Corresponding Secretaries in the Dominion were working hard for the Institute. But undoubtedly a very large portion of this increase was due to it. It certainly is desirable that this system of visiting the Overseas Dominions by the Secretary or someone appointed especially for the purpose should be continued, when our finances will admit of the additional expense which it would entail.

“I think we are fully justified in congratulating ourselves on the progress of the Institute, especially during the last two years, and that it should greatly encourage us to continue our efforts as we must not lose sight of the fact that we are only at the beginning of the work that is before us, and that we have hardly laid the foundation of the structure we wish to build up.

“The Institute is an educational organisation, and its object is to spread throughout the British people—and more especially in the United Kingdom—knowledge of the Empire and its great resources, and make the Unity of the Empire—which is now little more than a sentiment—a matter of practical politics. To achieve this end we must get the co-operation and active assistance of every Imperial minded citizen of the Empire, whether resident in the Empire or in foreign countries.

“To-day we muster over 9,000 members. These may be considered the officers of the army which we wish to create. But where are the rank and file to complete the army ?

“I have often wondered why it is that little or no progress has been made by the different leagues and societies which have been formed at different times during the last thirty years in the interests of Imperial Unity. Is it not because these different organisations failed in obtaining the co-operation of the large body of Imperially minded men who exist in all classes throughout the Empire ?

“For some years past the Council has foreseen the absolute necessity of widening and extending the basis of the membership of the Institute ; and with this object in view it created—with the approval of the Fellows—a new order called “Associates,” and it also drew up rules and regulations for the formation of local Committees and local branches. It is by the help of this new order of Associates that these local Committees and local branches can be formed in the United Kingdom ; and the Council intend, during the present year, to carry on this work energetically.

“During the past year branches have been established in Christchurch, New Zealand ; at Hobart, Tasmania ; in Buenos Ayres, and in Guatemala.

“The first branch in Great Britain is at present being formed at Bristol by Mr. T. J. Lennard, who has not only presented the freehold of a site in the city, but undertaken to bear the expense of erecting the building.

"A local Committee has been formed at Bournemouth. The Council have formed a Sub-Committee to carry out the formation of other local Committees, and this Committee is now in communication with a large number of Fellows resident in different parts of the country, asking their assistance in the formation of these local Committees. Many satisfactory replies have been received; and it is hoped that this year a number of local Committees will be formed; and that they will in course of time be brought together and formed into County or District Branches.

"The principle before us for the coming year is the gradual expansion of the efforts of the Institute in the formation of these local Committees; and I feel sure the Council can rely upon the assistance of all Fellows resident in those parts of the country where nucleus can be found for a local Committee.

"We are much indebted to our Honorary Corresponding Secretaries in all parts of the world for the valuable assistance they continue to render in promoting the welfare of the Institute."

For myself I have little to add; but I wish to say how very much we of the Council and I think you also feel indebted to the whole permanent staff of the Institute for their good and loyal work. I desire to state further that the work and activities of the Institute have been greater than ever before, and the wish of the Council has been, as it will always be, to maintain satisfactory progress in carrying out the great purposes of the Institute.

Sir JOHN MCCALL: I beg to second the motion. The report is a full statement covering the whole work of the Institute. It is a story of success after success in every branch of the work, and all we need do is to congratulate heartily the Council and permanent officers of the Institute on the results achieved. It is a pleasure to note a substantial increase in the Library which is looked upon as one of the institutions of London. It is great thing we should have this great and useful library at the disposal of Fellows and of visitors from the Colonies. Well, I do not know how to describe them except as Colonies—a name of which I have never ceased to be proud. The Institute is the great Colonial centre in London, and though we are fortunate in having a large number of members who are not Colonials, in the true sense of the word, yet these members have always shown a keen interest in the different Colonies and in Colonial people. I am not sure I approve every word of the Report. I would like for instance to discuss the idea of sending out officers to recruit on ground outside the Empire itself. I am extremely pleased of course, that any Britisher, wherever he may be, should have the privilege of the Fellowship of the Institute when he visits London, and also the advantage of enjoying the privilege of obtaining the Journal, the publication of which has been such a success. That, I think, is a great advantage, and I am glad that everybody should be interested in the Institute, but I am hoping when you come to consider the question of the alteration of the name of the Institute, you will not agree to the proposal without at any rate very weighty reasons being given for it. There is this to be said—that the word Colonial under which we have grown to our present strength and position has not at any rate interfered with the growth of the Institute, because we have been more successful in recent years than in the past. If we are to make any sort of change, let it be "Dominions and Colonial Institute," but in some way let us keep Colonial Institute. Let us ask the Council not to press this matter at all, but to keep the title "Colonial Institute" under which we have grown and of which we are exceedingly proud.

The Chairman asked the Meeting to reserve discussion of the proposed change of name until a resolution had been proposed.

Mr. J. HUGHES reminded the Meeting that on March 17th last a resolution was passed that Associates should be admitted on paying £1 per year. He wanted to direct attention to the effect of the resolution. He then foreshadowed what he thought would happen, namely, that there would be a decrease in the election of Fellows whose subscriptions amounted first of all to an admittance fee of £3, and an annual contribution of £2 as opposed to which these new Associates would only pay £1. He had pointed out that the progress of the admission of Resident Fellows had been regular and increasing for the previous three years, namely, 158 in 1910, 223 in 1911, and 297 in 1912. Now this year only 266 Resident Fellows had been admitted, and no fewer than 546 Associates. He had also pointed out, considering the accommodation the Institute could offer, and as resident Fellows were drawn largely from the neighbourhood of London, that to admit Associates paying only £1 a year was just the way to reduce the Fellowship and increase the expenses of the Association. At present the total number of Associates was something over 700. If this progress continued, they would not have sufficient accommodation. He thought the Council would do well seriously to reconsider this question. It seemed a shame that gentlemen who paid £3 on admission and £2 annually should have others coming in to share almost the same advantages.

Captain C. SLACK said that he strongly opposed the election of male Associates last year, contending that there was no business in it. On other points, Captain Slack suggested that considerable economy might be effected by securing a reduction of the postal rates for magazines. With regard to the Year Book, he noticed that last year there was a loss of £560. The Royal Geographical Society charged 5s. to outsiders, and 2s. 6d. to members for its Year Book, and he thought the Council of the Institute would do well to consider the advisability of making a small charge for this publication, say 1s. to members, and 2s. to outsiders. At present its indiscriminate distribution imposed a serious charge on the funds of the Institute.

Mr. E. L. MARTIN stated that he made out that the income increase last year was only £1,700, and the additional expenditure about £3,000. He suggested that a certain portion of the reserve fund might be invested to better advantage than at present. He further suggested for the purposes of comparison that the figures for the past year should be given alongside those for the previous year.

Mr. E. P. COTTON referred to the emoluments granted to Mr. Herbert Garrison in connection with his lectures. With regard to the subscriptions to the Aldwych Site Fund as shown in the accounts, he would like to know what benefit the Council thought the Institute would derive from it. He would also like to know whether the intention was to renew the subscription. He also noted a grant of £50 towards Lieutenant Ward's continental tour. He would like to see the detailed accounts of that tour. Of course they were all aware that the Secretary had visited Canada and South Africa, and they all recognised the good work he had done. Mr. Cotton also referred to the subject of the salaries of certain members of the staff.

Mr. GORDON INGLIS said that the remarks made by previous speakers had not been any more remarkable for a display of logic than those of a similar type last year. With

regard to Mr. Garrison's lectures, Mr. Inglis said that he himself, at any rate, was glad that Australia should sometimes be spoken of in terms of enthusiasm on public platforms, for latterly one had noted a tendency in partisan quarters to misrepresent Australia in every way, more particularly so far as regarded her enthusiasm for the military training idea. No abuse was too great, and no misrepresentation too absurd to use in criticising one of the finest pieces of Dominion legislation. Then again there has been the usual complaint that the new order of Associates was given too much attention. Somebody had worked out on a mathematical basis that the returns for the annual subscription were out of all proportion to its amounts. Indeed, from some of the comments that had been made on the balance sheet, one might imagine that one had strayed into the purlieus of the Cannon Street Hotel while many company meetings were in progress. Of course it was essential that the balance sheet should work out properly, but he would remind the meeting, as he reminded them last year, that propaganda work needed a great deal of expenditure in some years, the full benefit of which might not be reaped until years afterwards. He further maintained that the Institute existed to do something in furtherance of its ideas for a "United Empire," and its sole purpose was not in the providing of the facilities of a West End club on a fifth of the club subscription. He congratulated the Institute on a most successful year's work, and also congratulated the workers on the permanent staff, to whom the Fellows could not be too grateful. His only hope was that the Institute would in the future justify the hopes of its founders to even a greater extent than in the past.

Mr. A. MOOR-RADFORD considered that the value of the building was much underestimated in the accounts. It would be quite impossible to put up such a building for less than £15,000 more than was set down. In his opinion there never was a time when the finances of the Institute were so good as they were at the present time. In a few years' time the good seed that had been sown of late would develop itself in all directions. He hoped himself that the units whether in Argentina or in Brazil, would all put themselves under the Institute.

Mr. J. MUNFORD renewed the request he made at the last meeting for the formation of a Committee dealing with education, and he also urged the Council to take up the question of Empire Scholarships.

Mr. J. NEWMAN THOMAS was glad to notice that an information bureau had been organised as a department of the Institute, and he suggested the insertion in the Magazine of some information with regard to forthcoming events for the guidance of visitors to London.

Mr. G. A. GORDON suggested that the names of the members of the various Committees should be published.

Mr. D. HOFE JOHNSTON agreed that something should be done by way of increasing the salaries of certain members of the staff. He noticed the Council had given £250 towards obtaining an option of the Aldwych site, a proposal with which he agreed, but he had some doubt regarding the donation towards the Halifax Memorial. As regards the recruiting tours, he agreed with the purpose, but thought that three such tours in one year came rather heavily on the funds of the Institute. As regarded some remarks that had been made, in his opinion one of the great purposes of the Institute

was to promote social intercourse, particularly among people from overseas, and he did not think they did as much in that direction as they might.

The CHAIRMAN : With regard to Mr. Hughes's remarks on the subject of Associates over-crowding the building, I think he seemed unaware of the fact that Associates are not entitled to the privilege of using the building. As regards our meetings to which they have access, I think we may rejoice that men from all parts of the country should come and attend them and hear the excellent papers ; and the more the better. They take very good stuff away with them. Captain Slack spoke of the cost of the Year Book, but forgot to tell you there was something on the other side in the way of advertisements. In regard to postal rates, we have already moved, and Major Archer-Shee, M.P., in the House of Commons lately urged the Postmaster-General to move in the matter, but the latter refused for the present to have anything to do with it. Mr. Martin has asked whether we could not do better than we do by investing our reserve at $3\frac{1}{2}$ per cent. As a matter of fact, we get 4 per cent. He also asked that the figures for the previous year should appear in our annual statement of accounts. That is a point which will receive consideration, but I cannot pledge myself, as there may not be space enough. Mr. Cotton referred to Mr. Garrison's pay as lecturer. Well, we came to a working arrangement as to what he should receive for his labours, which we much appreciate. It is entirely to his satisfaction. With regard to the Aldwych site, we plead guilty to having voted a contribution of £250, which was part of a guarantee towards the option, but we are liable for no further payment. As regards the staff, I think you would not expect me, on this occasion, to speak about the merits or salaries of individuals, and also I do not think you would wish to fetter our discretion in the matter. I think you may be sure that we give very careful consideration to all these things, and as to servants like the porters in the Hall, I need not tell you that something goes into the pocket sometimes that is not on the salary list. As regards the Education Committee, the matter came before the Council with numbers of other things, and I cannot remember at the moment what was done, but if Mr. Munford will call upon me, I shall be glad to discuss the matter with him. It is suggested that notices of forthcoming public events should be given in the Journal. It is hard to say yes, because our pages are full, and if we add to them there is a risk of having to pay another $\frac{1}{2}$ d. as postage, which means another £250 a year. If, however, it is possible to adopt the suggestion, I am sure the Editor will be glad. As regards Committees, it is open for any Fellow to call at the Institute and ask for their names.

The motion was carried unanimously.

Mr. RICHARD JEBB : I have now, on behalf of the Council, to move a resolution which, from certain sounds, you appear to be anticipating with a good deal of interest. It is that the title of this Society shall be changed if and when practicable to that of Royal Britannic Institute. Of course, any change of this kind would involve trouble and delay ; we should have to get the charter altered, and that of course, would be subject to the assent of the King. This is a proposal which originated, not with the Council, but with the Fellows. It is a sound principle of policy, I think, that when any important proposal comes from outside before the Council they should give it their best attention, and we are always glad if any such proposal can be put into a shape in which we can commend it to the Fellows. The main object of the Council is to test your feeling, because they think that this question has now come to such a state of development that some decision ought to be come to one way or another. But whether you

accept or reject the proposal the Council will receive your verdict with equanimity. The discussion must at any rate have an educative influence. Some two or three years ago we were anxious to increase our membership in Canada. We got into correspondence with sympathisers, and from that quarter we received representations that the name of the Institute is an obstacle to its progress and extension. That could not surprise any of us acquainted with Canada. It is undeniable that young Canadians, speaking generally, do not nowadays call themselves Colonials, and they do not think of Canada as a Colony, and that change in sentiment, due to the growth of the country, is true also in a considerable degree of the rising generation in Australia. (No.) I have been there myself, and I record my impression. It is even true I should say of New Zealand, though perhaps in a less degree. But perhaps the most signal proof of the obsolescence of the term is that in 1907 the Colonial Conference resolved to call itself in future the Imperial Conference, and since that time the self-governing Colonies have become Dominions officially. Thus, at the present time, the title of this Institute is strictly applicable only to the Crown Colonies and Dependencies, which represent only one section—though an important section—of our membership and interests. When we got these representations from Canada, we took all these considerations into account, and *prima facie* there was considerable argument for changing the name. On the other hand, we were fully conscious of the objection. All the old Fellows of the Institute must retain a considerable affection for the old name, just as when the name of the Colonial Conference was changed many men of repute said that they sincerely regretted the change. There is this further objection, that although the name may be out of date, it does not follow it is a hindrance to the work of the Society. It is not difficult to find examples of other societies which have quite modernised their aims and methods but still retain a name which is not only out of date, but which, perhaps, has acquired some unfavourable stigma. Take for example, the Hudson's Bay Co. The official title is the Honourable Company of Adventurers in the Hudson Bay. But "adventurers" nowadays has quite a different sense, and some of the shareholders might not like to have themselves so described. Then, of course, you cannot make any change of this kind without causing an upset which, for the time being, will be a drawback to the progress of the Society. Finally, there is the objection that after all we are not standing still, that we are making progress. These were considerations we had before us two years ago. We thought then the proper thing to do was to try and test the feeling of the Fellows, and that we might do so by a referendum. In the Journal for 1912, therefore, we enclosed a voting paper for each Fellow, asking: (1) whether he favoured any change, and (2) whether he would indicate what change he desired. We put forward fifteen alternative different names suggested from various quarters. The result was somewhat disappointing. Of only 592 answers received, the majority 344, were in favour of change, 160 were against, and 88 were apparently neutral. Among those who favoured a change many were in favour of other names than those put forward, so that now we have a list of twenty-six names. We took that as a mandate to go a little further, and so we tried to select a new name, but we found it so difficult that presently we decided to put the matter in a pigeon-hole. However, last year a new development occurred. We received a large accession of new members from South America. It is, I submit, very sound policy to try and enrol British subjects wherever they may happen to live, for there is one interest common to British subjects, the preservation of the union of the Empire. We thought South America a very fertile field for recruiting new Fellows, but as soon as we had recruited them, this question came up again. It was represented to us that the name

was an obstacle to our potential progress, and that South America would be glad if it could be changed. Having got that additional representation, we felt obliged to go into the question again. In order to guide us into selecting a name, we tried to lay down certain test conditions. It should be a name which should avoid confusion with any existing society; which should express the scope of the Institute; which should include the word Royal; and which should be short and handy. These conditions excluded several of the names which had appeared most popular in the referendum. There are the following Societies with which you have to avoid confusion: Imperial Institute, British Empire League, British Empire Club, United Empire Club, League of the Empire, and Royal Institution of Great Britain. Finally we came down to Royal Britannic Institute as being least objectionable. There is no confusion in the name, it is short and handy, and expresses the scope of the Institute both in regard to membership and aims. The word Britannic is taken from the title of the King. It is a good old English word. It was used by no less a person than John Milton, who wrote of "this Britannic Empire." It avoids that party political association with which the word Imperial is sometimes involved, although it ought not to be. The objection on the other hand was that the word was strange and unfamiliar, having gone out of fashion as a word. That no doubt is true, but I think in the last two or three years one can say that the word Britannic is again acquiring a certain vogue. The argument for the change is that the old name is out of date, and rather perhaps prejudicial to our expansion. Against the change, the argument in a nut-shell is "let well alone."

Dr. VROOMAN seconded the motion. He claimed to know something about the feeling of the peoples of the Dominions regarding the whole question involved in the Colonial habit of mind and said the belief was crystallising everywhere throughout Canada, and long before the other Dominions were as old as Canada the belief would be crystallising there also, that we had definitely done with the whole Colonial idea. For himself, he was heartily sick and tired of the Colonial idea as applied to the four great Dominions of the Empire, because they were not Colonies and the citizens of the Dominions were not Colonials. Therefore to have a name which had technically nothing whatever to do with them was insufficient. They wanted something which would not only cover the case of Great Britain and the Colonies, but which was broad enough to connote everything that the whole Empire stood for, including its four self-governing States. It was important to remember that the Dominion of Canada was only a year old when the Institute came into being, while the Commonwealth of Australia was founded thirty-three years after the Institute, and the Union of South Africa forty-one years after. The establishing of these four great self-governing Dominions had set a new mark in the Imperial imagination, and given a new meaning to the whole Imperial idea, and never more in the history of this Empire should we find any patience on the part of those who lived in the self-governing Dominions with the Colonial habit of mind. In their choice that day, they had to ally themselves with one thing or another, and he held that they should not adhere to a name which, if not utterly empty and meaningless, bore a reproach to every citizen of the self-governing States, because the States were not colonies and the people not Colonials. He seconded the motion on the broad distinction between the two great ideas held by the two schools of thought—the idea of British ascendancy with Colonial dependency as opposed to the great principle of Britannic unity.

Mr. T. HATTON RICHARDS asked whether the motion was consonant with Article 1

of the Charter which definitely laid down that the name of the Institute for all time should be the Royal Colonial Institute.

The CHAIRMAN : The terms of the resolution will be made to cover the point. It is only by the King's permission we can change our name. It cannot be done to-day of course.

Mr. ALEXANDER FINN : Considering that a very large number of persons do not regard with favour the proposed alteration in the title of this Institute I beg to move as an amendment :—

“That this meeting considers any change to be unnecessary and that we regret that the time chosen for the suggestion should have synchronised with the appearance of a review under a somewhat similar name edited by a member of our Council.”

Mr. R. G. WEBSTER, seconding the amendment, said they had heard a great deal about the feeling of Canada. He was not a Canadian, but had travelled there on four occasions, and had never known a Canadian who entertained the feeling Dr. Vrooman had about the word Colonial. Did any Canadian describe himself as a Britisher? Was not that a somewhat sarcastic term used by the Americans? To him the word Britannic had a rather Brummagum ring in it. The word Colonial seemed to him very well to describe the Institute. If they were to change their name, why not take the second name on the Journal and call the Institute the Royal United Empire Institute?

Captain SLACK, supporting the amendment, pointed out that the 500 answers given in the referendum represented only about one-tenth of the then membership of the Institute. This proposal had all been brought about apparently by the members residing in Buenos Ayres. In his opinion there was no better way of making the Institute known and influential than by promoting in every possible way the circulation of the Journal.

Mr. H. S. GULLETT also supported the amendment.

Mr. A. HUDSON, K.C., reminded the meeting that one of the oldest clubs in London was known as the Cocoa Tree Club. How would the members of that club like it if the Committee suddenly proposed to change the name to Malt House Club, on the ground that the majority of the members nowadays drank whisky and soda? Again, nobody had ever heard that the Colonial Office was setting about changing its name. A long and glorious reputation lay behind the name of the Colonial Institute. It had a pleasant and silvery sound to the ear, whereas the new name had rather the sound of the tapping of a pewter jug. He listened to Dr. Vrooman's speech, a speech of great eloquence, but he thought Dr. Vrooman attached too much importance to the idea that the designation of an institution was supposed exactly to indicate all its objects. The fittest name of all, perhaps, would be the Imperial Institute, but that title was already annexed. Much trouble had been taken of late years to increase the knowledge of the Institute. If it were suddenly to blossom out as the Royal Britannic Institute he prophesied a great falling off in the membership.

In answer to a question the Chairman ruled that the amendment was a direct negative, and that the only question before the meeting was the resolution.

Dr. LYSTER JAMESON thereupon proposed as an amendment: "That the title of the Institute be not changed without the consent of the majority of the Fellows resident and non-resident and that any proposal which the Council of the Institute may desire with a view to such a change, be submitted to the Fellows by means of a postal referendum." He said this was quite a different kind of referendum to that taken through the magazine. It was impossible a meeting like that could be really representative of the whole Institute, and he held that the only really democratic way of proceeding was by referendum, asking not for suggestions, but whether the change should be made.

The Hon. J. G. JENKINS, J.P., seconded the amendment, which he said was a democratic proposal that would give an opportunity of obtaining the views of every Fellow in the countries overseas as well as here. He entirely disagreed with Dr. Vrooman's definition of the word Colonial. For himself he was proud to be called a Colonial. He had spent nearly as many years in Canada as his friend Dr. Vrooman and was nearly thirty years in the Southern Hemisphere where the Colonies were known as Colonies. What was a Colony? It was not a mere territorial division of dull dead soil, but an aggregation of human individuals. The Colonies which existed in Canada 50 years ago existed to-day. He yielded to no one in Imperialistic ideas, but was not ashamed to call himself a Colonial. When in Australia they became States, they did not ask to become Statists, certainly not. He had every respect for the opinion and wisdom of the Council, and for the last nine years had been a pretty regular frequenter of the meetings of the Institute, but for all that he held that a change of name known in every part of the Empire would be a vital mistake, a name under which they had grown to be strong and powerful. He would like to know how many of the 150 corresponding secretaries throughout the Empire had asked for the adoption of the word Britannic. He questioned whether there were half a dozen. Women change their names of course with very good reason, but men very often changed theirs out of snobbishness after the acquisition of wealth. Companies and Societies also changed their names when they were on a waning scale and wanted to get new capital out of an unsuspecting public. But the Institute had arrived at no such condition. They were strong and progressive. They had grown up and they were known throughout the world as the Royal Colonial Institute.

Dr. PARKIN: It is time I think that some member of the Council should say a few words. There had been rather a suggestion from time to time that the Council were responsible for bringing this matter forward. They were, of course, but only as representatives of those who had approached them. Everybody knows that at different meetings members have spoken in the strongest way about the necessity for the change; we took the best steps we could, and I assure the members that when the Council passed the motion and resolved to bring the matter before the meeting, they did so perfectly understanding that there were two sides to the question. It was a question they said which ought to be decided by the feelings of the members, and we merely brought it forward as the result of the best inquiries we could make, and in order that we might ascertain the feelings of members. No gathering in London can decide a question like that. I am one of those who, while bringing this question forward—I do not shirk my responsibility as a member of the Council—feel intensely the great advantage of holding on to an old name. I was for many years connected with the Upper Canada College. Upper Canada does not exist to-day, but you can

never get an old boy to give up the name, and now they are going to build a College at an entirely different place while retaining the name. I think I represent the feelings of the Council in saying that they brought the question forward with a view to eliciting the opinions of those who meet here. As a member of the Council I would recommend my colleague (Mr. Jebb) to accept either the amendment or some corresponding amendment which will put in a direct form to members in every part of the world the question whether they wish a change or not.

The CHAIRMAN: The Council has briefly taken into consideration the point Dr. Parkin has alluded to. I will call upon Mr. Jebb to explain the matter.

Mr. RICHARD JEBB: As the member of the Council who brought the question forward at this meeting, and after the expression of opinion we have heard, I think we may be able to bring the discussion to an early close. As I said this is not a proposal we desire to force upon you at all, though I am a little disappointed to find here in the capital of the Empire a body of men representing this Institute are so much more plainly inclined to cling to the skirts of the past than hold out a hand to the future. (No.) Whether you like it or no, that Colonial idea is done. In view of the expressions of opinion we have heard, I shall be satisfied, if it is in order, to accept the amendment proposed.

Mr. H. S. GULLETT asked for an assurance that the word *Britannic* would be dropped, especially in view of the consideration mentioned in Mr. Finn's amendment.

Mr. H. INGE (Guatemala) repudiated the suggestion that branches of the Institute should be confined to the Empire. On the question of the title, however, he confessed, he had been converted. At first he was inclined to favour the change of name, but obviously no name could be made absolutely to fit a progressive Society like the Colonial Institute. One should of course give due consideration to the feelings of those who considered the name was to some extent an objection—he would not say a slur—one could hardly say that—but taking the name in its historic significance, he did not think that consideration ought to be an absolute bar or was not sufficient at all events for the change of a name that was associated with so much honourable work and tradition.

In answer to a question the Chairman said—if we take any further measure it would of course be in the form of a referendum, and any change would come before the Fellows at the Annual Meeting.

Mr. ROBERT DUNCAN: Informed the meeting, as one who had given some little help to forming a new Branch in Glasgow, that there the word *Colonial* was considered as either out of date or was rapidly getting out of date.

The amendment was then put to the meeting and carried by a large majority.

Mr. RALPH S. BOND moved an alteration to Rule 29, namely, after the word "ensuing" add "or may compound for such subscription by the payment of £10." He explained that the rule provided that every Associate should pay an annual subscription of £1, but no provision was made for compounding. A resident fellow could compound by paying £20 and a non-resident by paying £10, and the Council recommended that an Associate should also have the right of compounding for his or her subscription at a fixed sum of £10. The motion was carried.

The meeting confirmed the appointments made by the Council during the past year in accordance with Rule 6, and re-elected the Vice-Presidents, Treasurer and Councillors as recommended by the Council. The nominations by the Council to fill the places of retiring Councillors were agreed to.

The Chairman moved that the best thanks of the meeting be given to the Honorary Treasurer and to the Honorary Corresponding Secretaries. He said they were deeply indebted to them for all they had done.

The motion was seconded by Mr. Bond and agreed to. A vote of thanks was given to the Chairman for presiding.

A FEW PRESS OPINIONS OF THE 20 h.p. Extra Strong Colonial Napier

"In putting this car upon the market no attempt is made to compete with low-priced cars, as the vehicle is intended for those who, under the circumstances, will have nothing but the best, and desire a car which will stand years of hard work."

Autocar, 25/4/14.

"It is a very fine car, and runs quite smoothly and almost noiselessly."

Westminster Gazette, 9/4/14.

"Is a wonderful bit of work, greatly strengthened and designed in every detail for the rough-and-ready conditions abroad."

Tatler, 15/4/14.

"It has not been made to compete with cheaply made cars, but is intended for those who require a car which will run as perfectly after many years of hard use as when first turned out of the works."

Court Journal, 8/5/14.

"But the new Napier de Luxe rollicked up everything as became a stable-mate of the Alpine adventurer."

Bystander, 15/4/14.

ROYAL COLONIAL INSTITUTE.

OBJECTS AND CONSTITUTION.

THE ROYAL COLONIAL INSTITUTE is established to provide a place of meeting for all gentlemen connected with the Colonies and British India, and others taking an interest in Colonial and Indian affairs; to establish a Reading-room and a Library, in which recent and authentic intelligence upon Colonial and Indian subjects may be constantly available, and a Museum for the collection and exhibition of Colonial and Indian productions; to facilitate interchange of experiences amongst persons representing all the Dependencies of Great Britain; to afford opportunities for the reading of Papers, and for holding discussions upon Colonial and Indian subjects generally; to undertake scientific, literary, and statistical investigations in connection with the British Empire; and to promote permanent union between the Mother Country and the various parts of the British Empire. But no Paper shall be read, nor any discussion be permitted to take place, tending to give to the Institute a party character.

MEMBERSHIP.

The membership comprises Resident Fellows (i.e. resident in the United Kingdom); Non-resident Fellows (i.e. resident outside the United Kingdom). To these have lately been added Associates, a connection which is open to either sex, but which is restricted for the present, as regards Men Associates, to the United Kingdom. Resident Fellows pay Entrance Fee £3 and Subscription £2. Non-resident Fellows pay Entrance Fee £1 1s. (which is increased to £3 when taking up permanent residence in the United Kingdom, except for those Fellows of more than fifteen years standing or upwards), and Subscription £1 1s. (which is increased to £2 when in the United Kingdom for twelve months). Associates pay no Entrance Fee; Subscription £1. Resident Fellows may compound for life at £20, or after five years' Annual Subscriptions of £2 on payment of £15. Non-Resident Fellows may compound for life at £10, or after the payment of twenty or more Annual Subscriptions on payment of £5.

LIBRARY.

The Library, already containing 100,000 volumes, is the finest of its kind in the world, and now includes a separate Law Library and a Parliamentary Library which are extensively utilised by visitors from all parts of the Empire. Fellows may borrow books from the Library.

NEWSPAPERS.

The Newspaper Room likewise contains an unique collection, having on its stands and tables some 750 newspapers, magazines and other periodicals from all quarters of the Empire.
